2 SECTIONS - 28 PAGES PRICE 25¢

## Alarm records sound warning in Madison

A comprehensive study of past Madison city procedures, announced Sept. 10, includes detailed investigations of fixed assets and the alarm program, the Press-Record has learned.

Madison aldermen are studying findings by Peat, Marwick, Mitchell & Co., certified public accountants, and will consider taking remedial actions Sept. 24.

PEAT, MARWICK says, "At April 30, 1985, the city reported a total in-

vestment in general fixed assets of \$3,841,183. Equipment in the Alarm Fund was also reported at \$179,362.

"Our accountants' report was qualified subject to the effect of any adjustments which might have been necessary had the city maintained detailed fixed asset records and (had we) been able to satisfy ourselves as to the carrying value thereof.

"We recommend a concerted, systematic effort be initiated to

compile the necessary inventories of assets and their related valuations at actual or estimated costs at dates of acquisition.

"SUCH RECORDS should include information such as the asset description, cost, acquisition date, estimated useful life, depreciation method, and accumulated depreciation. The general ledger control accounts should be periodically balanced to such records to ensure accuracy and completeness.

"Several interfund transactions made during fiscal 1984-85 were referred to as 'loans' or 'borrowings' in the Council minutes; however, the substance of the transaction appeared to be an operating transfer.

"We recommend that the Council review the due to/due from other funds detail and identify items which should be classified as operating transfers and which should remain as interfund receivables/payables.

"IT SHOULD BE NOTED that the buildup of interfund loans in the alarm, playground and recreation, and capital projects funds has resulted in accumulated fund deficits in these funds.

"Since the intention of the Council appears to be to subsidize any shortfall in the activities of these funds, we recommend that the Council consider 'forgiving' the accumulated interfund debts and funding future shortfalls as interfund operating

transfers rather than loans.

"Through discussions with city personnel, we ascertained that no accountability controls are in effect for alarm equipment.

"LACK OF ACCOUNTABILITY controls over alarm equipment is a material weakness in that the city currently has no means to assure itself that alarms purchased for enterprise fund activities are used

## Revitalization steps taken GC coordinator in, meters out

By SUSAN SIGNAIGO-WEICH  
Staff writer

GRANITE CITY — Two steps toward city revitalization were taken Tuesday night, when the City Council OK'd the hiring of a city coordinator and the removal of parking meters from nine city streets.

Alan Ortbals was hired unanimously as the city coordinator. He will be paid a salary of \$32,000 a year.

ORTBALS, CURRENTLY the commercial district manager for the Cherokee shopping area in South St. Louis, will begin his duties for the city Oct. 7. He will set up his office in City Hall.

In an informal address to the City Council, Ortbals said he is excited about the city's revitalization effort.

"I like what I see — I like the enthusiasm and the energy of the peo-

ple here," he said. "Granite City is a city that is ready to rebound.

"THE COOPERATIVE EFFORT that has been started between the city and the Chamber of Commerce are the building blocks of the city's revitalization.

"I really can't wait to get over here and work to make Granite City a better place to live."

Shortly after Ortbals' appointment, aldermen unanimously agreed to remove meters from nine streets.

THE REMOVAL of the parking meters was delayed by aldermen at the last council meeting. Some aldermen said they wanted to hire a coordinator and get his opinion on the removal of meters before any action was taken.

Although Ortbals did not make a statement concerning the meters at the meeting, he said Wednesday he

thought the action was a good idea.

Ortbals said he had been questioned about the meters during his interview and had expressed his support of their removal at that time.

METERS WILL BE removed from the following streets:

Both sides of Cleveland Boulevard, from 18th Street to 20th Street.

Both sides of Delmar Avenue, from 18th Street to 21st Street.

Both sides of Niedringhaus Avenue, from 18th to Niedringhaus Avenue.

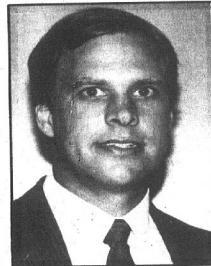

Both sides of State Street, from 18th to 21st.

Both sides of Grand Avenue, from 18th to Niedringhaus Avenue.

Both sides of 18th Street, from Cleveland to Madison Avenue.

Both sides of 19th Street, from Benton Street to Madison Avenue.

Both sides of 20th Street, from Cleveland to Madison Avenue.

Alan Ortbals

On the west side of Niedringhaus Avenue, from Benton to Madison Avenue.

The areas where parking meters will be removed will become two-hour parking zones.

## Elks zoning passes

By SUSANNE INDELICATO  
Staff writer

MADISON COUNTY — Despite opposition by some neighboring residents, zoning for a new Elks lodge and sports fields was approved Wednesday by the Madison County Board.

Elks Lodge 1063, purchasers, and the Church of Christ, owners, requested a 10-acre tract at 4700 Maryville Road in Nameoki Township be rezoned from an R-3 one-family residence district to a B-1 limited business district — with a special use permit to build and operate a fraternal lodge with parking facilities, an unlighted softball field and unlighted soccer fields.

THE GROUP PLANS to build a

one-story lodge of approximately 15,000 square feet on the site.

Elks officials said the Elks want to build a new lodge because there isn't enough parking space at the present Elks home, 1329 Niedringhaus Ave.

Some residents in the area appeared at a public hearing Aug. 28 in opposition to the rezoning. They said the lodge might increase traffic in the residential area.

ANOTHER OPPONENT of the lodge plan is Helen Hawkins, 2800 Angela Drive.

She approached the Metro-East Sanitary District Board Wednesday morning to ask that it oppose the lodge. Hawkins said the site on

## Meat processing plant moves operation to GC

By SUSAN SIGNAIGO-WEICH  
Staff writer

GRANITE CITY — An East St. Louis meat processing plant plans to relocate its 27-year-old operation in Northgate Industrial Park.

City Council members approved a resolution Tuesday night to allow the issuance of up to \$2.5 million in industrial revenue bonds for the relocation of Holten Meats Inc.

JAMES HOLTEN, president of the meat processing company, said the plant's move should be accomplished within one year.

He said the company each day

produces 30 tons of hamburger patties, which are then sold to fast-food chains. The company also processes other frozen meat products such as ribs. It has 50 full-time employees.

Holten said the staff of 50 will move to the Granite City location when construction is completed, so there will be no immediate job openings.

HE HOPES TO EXPAND the hamburger patty production to 45 tons a day after the plant is relocated.

When production is expanded, there will be some hirings, he said.

## Lahr denies charges

By DAVE WHALEY  
Staff writer

GRANITE CITY — Ruth Lahr is not an early retiree from the school district.

Her candidacy in the school board election this fall came under fire at the Sept. 3 board meeting when Robert Crider of Granite City read a letter he later sent to Dick Allen, Madison County state's attorney.

In the letter, Crider asked that Lahr's name be removed from the ballot because she was a former employee of the district and was receiving benefits under an early retirement plan.

LAHR HAD NO COMMENT on the matter at the time, but after talking with her son, who is an attorney, she composed a letter to be sent to Allen. She told Allen in the letter she is not an employee of the district and has not been since June 1983, when she retired after serving in the Chapter 1 reading education program.

"I am covered by life and health insurance until age 65, as are all other qualifying certificated and non-certificated retired employees," she said. "This policy was adopted by the school board on Dec. 15, 1981, at which time I was not a member of the board."

LAHR ALSO SAID that, as a

retired administrator, she is guaranteed a \$5,000 death benefit upon attainment of age 65, "when other coverage ceases. This is an earned fringe benefit."

Crider said Lahr was in violation of Section 10-9 of the Illinois School Code, which states that no board member can be associated in any contract work of the district.

Lahr said the policy states administrators electing early retirement under the plan will be considered under individual contract with District 9 as a consultant or substitute for a maximum of five years per year when mutually agreeable. No monetary remuneration is included.

BUT LAHR IS NOT an early retiree. The Teachers' Retirement Manual for the State of Illinois states, "A member retiring between the ages of 55 and 60 with 20 or more, but less than 35, years of service of credit, will receive an allowance reduced at the rate of one-half percent for each month the member is less than age 60."

Lahr retired at age 58, but with 36.28 years of service.

"Since I met both requirements of minimum age of 55 years and 35 years of service, I am not an early

(Continued on Page 3)

## Stuart home's history older than the city's

By DONNA KIMBRO  
Staff writer

A Victorian-style house at 2265 Cleveland Blvd., built in 1893, was geographically located at the "end of town" at that time. It is one of seven homes open to the public during the Fall Home Tour and Craft Show on Sunday, Sept. 29.

The annual event is sponsored by the Downtown Neighborhood Restoration Society.

Mr. and Mrs. James (Van) Stuart purchased the home in 1948 and have furnished each room with antiques to recall the past era.

EACH ROOM of the house, built by Walter and Emma Saegesser, exhibits the charm of yesteryear and yet is comfortable for today's living style.

Extra-wide steps lead to a curved veranda, painted a sparkling gray, where an old-fashioned swing, "Just like Grandma's" is in use. Large potted plants at various areas of the porch add to the effect.

A wall was removed from the entry hall to create a larger living room and an open stairway. The living room owes its atmosphere largely to antique furniture and corner bay windows.

A VICTORIAN SOFA is from the Charleston-Lincoln era and two upholstered matching parlor chairs were formerly owned by the late Mr. and Mrs. Walter Coolidge.

Other antique pieces in the living room are marble-topped tables, all refinished and in mint condition.

Although the home has hardwood floors, they are covered with soft sea-green carpeting throughout as the central color theme.

THROUGH A WIDE doorway and adjoining the living room is a spacious dining room, where china and crystal are kept in a built-in cupboard. Turn-of-the-century furniture helps blend "the best of yesterday and today."

The present owners have preserved the architectural heritage of the house with careful renovations and rehabilitation, using wall coverings unique in color and design to complement each room.

A cozy country kitchen retains an old-fashioned flair, with a checkered tablecloth covering a round table. There are matching ruffled curtains.

A COLLECTION of old kitchen utensils and artifacts is attractively arranged on the walls.

This room, recently re-done, has new oak kitchen cabinets and new flooring.

Just off the kitchen is a small bathroom with a country motif. The bathtub is believed to have been a "first." Gingham checked fabric in the kitchen is repeated in a gathered skirt that encircles an old-time sink.

A former bedroom on the first floor is now a family room. The lower half of one wall is brick and the remaining wall areas are covered with wallpaper.

UPSTAIRS BEDROOMS also

THEN...as the Stuart home at 2265 Cleveland Blvd. appeared at the turn of the century. When built in 1893, it was the last house on the northern edge of the residential area.

NOW...in the older section of Granite City, the house has changed little except for the removal of the tower-like turret and the addition of a new porch.

Hospice of Madison County (HMC) is accepting applications for volunteer training now through Sept. 23.

The basic training course will be held in two Saturday sessions on Oct. 5 from 11 a.m. to 6 p.m. and on Oct. 19 from 9 a.m. to 4 p.m. The meetings are scheduled in Pascal Hall, St. Elizabeth Medical Center.

In order to become a Hospice volunteer, 12 hours of basic training in serving terminally ill patients and their families are required. The training is offered twice a year, in the autumn and spring.

Additional training in bereavement and spiritual care will be offered for those interested. These sessions will follow basic training, but dates have not been selected yet.

Hospice of Madison County is a community-based, not-for-profit agency, affiliated with SEMC, providing medically-directed care at home for patients with an estimated life expectancy of six months or less and their families.

HMC gives patients comfort and relief of pain and symptoms, assists and supports the family, encourages communication among family members, and provides spiritual and emotional support.

Anyone interested in becoming a Hospice volunteer may apply by Sept. 23 and attend the training course in October. They may call Barbara Spieker, HMC director of volunteers, at 798-3488 for registration or information.

**GC Travelodge being improved**

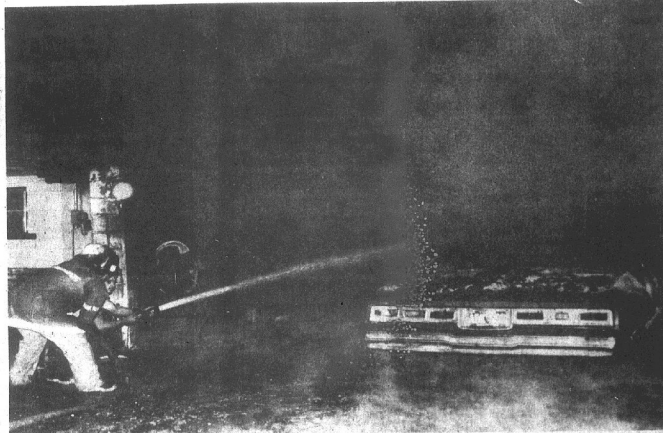

"In keeping with the efforts of many to bring back to prominence the downtown area of Granite City," the Travelodge has announced re-opening to be done on the exterior.

In addition, the rooms will be given new bedspreads and draperies.

"These improvements will help make our guests' stay with us a pleasant and comfortable one," said Randy L. Flynn, resident manager of the hotel, 1200 19th St.

Flynn added he is urging organizations that need to furnish lodging for business associates to contact him. Rates at the Travelodge are: one person/one bed, \$23 plus tax; two people/one bed, \$27 plus tax; and two people/two beds, \$30 plus tax.

Room reservations are made by calling 876-2600 or, toll free, 800-253-3050.

**A STREAM OF WATER** is directed towards a car inside a garage at 1800 2nd Street by Madison volunteer firefighters Wednesday night, Sept. 11. The garage, owned by Gertrude James, and the car were heavily damaged in the blaze called in to the fire station at 10:25. The fire report lists \$2,000 damage to the garage and \$1,900 to the car.

(Staff photo by Patrick Foley)

**I THINK YOUR OPINION IS IMPORTANT**

I believe in seeking the viewpoint of parents, teachers and taxpayers is necessary to properly manage the school system in District 9. If elected, I plan to bridge the communication gap between the school board and voters in order to promote the new ideas we need.

**Musical kindergarten registration opens**

National School of Music, 2100 Cleveland Blvd., has announced enrollment for the new fall class of Musical Kindergarten. This program is designed for ages of four to six years and will be held on Tuesdays from 6 to 7:30 p.m. at the school.

During an eight-month term, children learn fundamentals of music and participate in a rhythm band and other activities, preparing them for private lessons. At the end of this time there will be a formal graduation ceremony.

Information is available at 877-4650 from Carolyn, Barel or Susan.

**Reciprocity bill aimed at fraud in 2 states**

By DENNIS MCMURRAY

Illinois Secretary of State Jim Edgar and Missouri Secretary of State Roy Blunt announced last week they will seek legislation in each state to provide reciprocal subpoena powers to investigate securities fraud.

The two officials plan to draft legislation for presentation to their respective legislatures in 1986 that would authorize subpoena power of documents and testimony from the other state in regulatory proceedings.

THEY SAID in the last three years the two state agencies have investigated 31 cases with bi-state connections, involving firms or individuals that operated in both Missouri and Illinois in alleged fraud schemes.

Many of the cases involve sales of interests in oil and natural gas leases.

Edgar and Blunt said the reciprocal legislation would be the first of its kind in the nation,

although they expect other states to follow the example.

The proposed legislation would allow securities regulators in each state to obtain documents, such as bank statements and profit and loss statements, from the other state as part of investigatory proceedings.

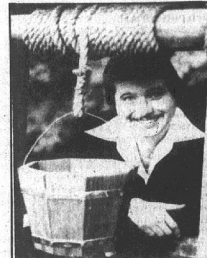

INDIVIDUALS LIVING in one state could also be compelled by subpoena to testify in the other under the proposed legislation.

Under present law, investigators often have to rely on voluntary compliance from the parties being investigated in order to obtain documents or statements or ask the other state to serve a subpoena.

The two state officials cited the example of a Missouri individual who allegedly sold fraudulent shares in a St. Clair County meatpacking firm to the plant's employees, as a case in which reciprocal subpoena powers would be helpful.

EDGAR AND BLUNT said they would seek the additional powers following the first formal meeting of the Illinois-Missouri Securities Fraud Task Force they formed in May.

Officials of the two states also held a closed-door session to exchange information on three pending cases.

**FRANK KOMOROMI** and his band, The Third Wind, will provide music for the sixth annual Alpha Center dance on Oct. 4 at the Knights of Columbus Hall at 4225 Old Alton Road. Tickets are \$15 per couple, with food and drink included. The band will play from 8 p.m. until midnight. Tickets may be purchased from any Alpha Center Board member or by calling Ed Boyer at 877-4527.

## Silver Dollar City plans crafts fest

From Montana to Maryland and Texas to Oregon, artisans who create old-time frontier skills will converge on Silver Dollar City near Springfield, Mo., for the National Crafts Festival. The annual event opens Saturday, Sept. 21, and continues daily except Tuesdays through Sunday, Oct. 27.

Jim and Jay Round of Grandville, Mich., will demonstrate the making of an ages-old instrument, the hammer dulcimer. Every exhibit in the entire festival is a how-to demonstration.

Rex Morton, Veneta, Ore., is the coppersmithing specialist and Jim Magee, Beaver, Ark., works in gold and silver with methods of the 1800s.

Prof. Dwight Nesmith, recently retired from Kansas State University, applies hundreds of kinds of seeds, one at a time, to give lifelike to the carved bodies of many species of birds.

Wilbur Adams, Omaha, Texas, uses a skill developed thousands of years ago to make wooden buckets — the craft called cooperage.

During its 32-day run, an anticipated 300,000 visitors will find their way back into the Ozarks to witness over 60 folkways. Those arriving at Silver Dollar City after 3 p.m. on any day will have their tickets validated for return to the

festival all of the next operating day at no additional charge.

In addition to crafts, the village abounds with music — the "Washboard Leo" group, "wander minstrel" Danny Eakin, Harold Morrison's bluegrass band, the Dixieland show with the River Rat Rowdies, the River Creek Band and the Little Indian Creek band.

In planning to attend the festival, it's wise to make accommodations reservations in advance, a spokesman said. Information on the availability of resort and motel rooms may be obtained by calling the appropriate free number. From Illinois, the number is 1-800-641-4202. The free service operates 8 a.m. to 10 p.m., seven days a week.

**HIT NAIL CONFECTIONERY**

Larry Warden, 2104 Bryan Ave., was hit in the face by a young man in front of Green's Confectionery, 2047 Rock Road, Sept. 16. The young man had approached, asked him his name and extended his hand as if to shake hands. After striking Warden with a fist, the assailant fled on foot. Warden suffered a small laceration above the left eye and was transported to St. Elizabeth Medical Center, where he was treated and released.

## Alarm records sound warning

(Continued from Page 1)

for such purposes.

"For example, annual purchases of over \$40,000 in alarm equipment cannot be reconciled to new alarm customers (or necessary replacements via service calls), or to an increase in inventory on hand."

"Since the alarm fund currently operates at a deficit, a logical concern arises as to the disposition of equipment purchases."

"Additionally, the alarm fund personnel currently have responsibility for purchasing, custody, and selling or installing equipment, as well as reporting accounting information to the controller."

"These concurrent responsibilities indicate a lack of proper segregation of duties."

"We recommend that the custody of alarm equipment be separated from other functions of alarm fund personnel — and that a formal accountability system be implemented to reconcile alarm equipment purchases and usage to alarm fund customer service activities."

"WITH RESPECT to all inventoried items, we recommend that the city consider implementing a perpetual inventory system, at least for selected items of value."

"(This) would facilitate control of the inventory by providing a continuing record of quantities and related values of items on manual cards. Further, we recommend that specific controls be implemented to ensure that:

"Quantities on hand are periodically counted and compared to records of these quantities. We suggest quarterly comparisons be made for motor fuel at least and annual comparisons be made for all other items."

"The condition and marketability of the assets on hand are periodically evaluated."

"There is an independent check over assets as a result of separation of custodial and accountability duties."

## Elks zoning passes

(Continued from Page 1)

Maryville Road lies in the Doreby Slough area, which suffers from water drainage problems.

"Will you help us with that?" she asked. "You would be involved with the Doreby Slough. How can they build in a trouble spot? They've got no drainage."

**BUT MESD EXECUTIVE** Director Shang Greathouse said the district could not stop construction in the area.

"We can just give our opinion. We can't say yes or no either way, but we'll have somebody out there to look at it," he said.

Greathouse explained the district issues drainage permits for construction in unincorporated areas. Recommendations by MESD are filed with the county zoning department. If the recommendations are ignored, the zoning department is not responsible for flooding damage, he said.

### OTHER ZONING CASES

Other area zoning requests approved by the Madison County Board Wednesday include the following:

- A request from Chester E.

Whyers Sr., owner, and Cheryl Crawford, purchaser, to rezone a tract from an R-3 one-family residence district to a P-3 highway business district in Chouteau Township. The property is located at 4917 Maryville Road.

A request from Jerry A. Link, executor of owner Arthur Link's estate, and Gregory and Maryann Jones, purchasers, for a special use permit to establish a dental office in an R-3 one-family residence district in Nameoki Township. The property is at 3704 Pontoon Road.

A request from Mildred E. and Harold Nicholls, owners, and Nelda and Robert Allen, occupants, for a special use permit to place a mobile home in an R-3 one-family residence district in Chouteau Township, 4904 Carl St. in the Hills Terrace Subdivision.

A request from Leo and Gladys Glasper, owners, for a special use permit to continue the placement of a mobile home in an R-4 single-family residence district in Venice Township. The property is at 113 Allen St.

## Lahr denies charges

(Continued from Page 1)

retiree, nor subject to any policies affecting early retiree."

Lahr said she was confident the matter would be cleared up and said in the letter to Allen she felt the attempt to remove her name "is base policies unworthy of your attention and time."

**ALLEN SAID LAST WEEK** he had referred the matter to the Illinois attorney general's office for consideration, saying because of his

connections in Granite City it would be better if he did not handle the matter directly.

There were some problems with the petition not referring directly to the nature of the complaint, Allen said. He could have "dodged the matter completely," but instead referred it to Springfield.

A decision is expected within two weeks.

## History older than GC's

(Continued from Page 1)

have Victorian furniture and colorful wallpaper. Once their daughter's room, a front upstairs room features an antique bed with high headboard, matching dresser and bay windows.

The house remained virtually unchanged during exterior restoration, except for removal of a turret on the corner of the building. This removal eliminated bay windows in a corner bedroom, which also is furnished with older furniture. The adjoining sitting room was refurbished as "the wicker room."

Small windows that open inside a bathroom are tucked under the eaves, and a custom-made dressing table shares this area.

**ANOTHER FACET** of the residence is an auxiliary staircase, once used by servants. It leads down to the right or, by turning left, enters the ground-floor family room.

A paneled bedroom is tastefully decorated with antique tables and lamps, a lace bedspread and curtains.

## Coming events

### Meetings

**SADD**, Students against Drunk Drivers, will hold a meeting for students and parents at 7 p.m. today, Sept. 19, in the Granite City High School gymnasium. Students and parents from Granite City, Venice and Madison are invited to attend.

**AL-ANON** meets at 8 p.m. today, Sept. 19, at McKinley School, 2nd floor. **OVEREATERS ANONYMOUS** meets at 2 p.m. Sunday, Sept. 22, in the Nursing Education Room at McKinley School.

**ANOREXIA/BULIMIA SELF-HELP GROUP** meets at 7 p.m. today, Sept. 19, at 2120 Madison Ave., Suite 200. Further information is available by calling 878-7315.

**EMOTIONS ANONYMOUS** meets at 8 p.m. today, Sept. 19, in the CVS building, 1254 Niedringhaus Ave. Further information is available by calling 432-1380 or 876-2363.

### Culinary fare

**AN APPLE FESTIVAL**, sponsored by the Old Six Mile Museum, will be held Sunday, Sept. 22, on the museum grounds. Featured will be fresh apple butter cooked on the grounds.

### On exhibit

**TROPICAL RAIN FOREST PHOTOS** are on exhibit during regular garden hours now through Sunday, Oct. 6, at the Missouri Botanical Garden in St. Louis. National Geographic Society photos of the world's tropical rain forest will be displayed.

**GARDEN CLUB SHOW** will be held from noon to 5 p.m. Saturday, Sept. 21, and from 9 a.m. to 5 p.m. Sunday, Sept. 22, in Orwin Hall, Missouri Botanical Garden, St. Louis. The Greater St. Louis Men's Garden Club will host a cooperative exhibit with several societies from the area.

**ALTON MUSEUM OF HISTORY AND ART** will sponsor an art show from 1 to 5 p.m. Sunday, Sept. 22, at Lockhaven Country Club. Admission cost will be \$3. The number for information is 1-462-2763.

### Festivals, fairs

**THE NATIONAL CRAFTS FESTIVAL** at Silver Dollar City near Springfield, Mo., will be held from Saturday, Sept. 21, through Sunday, Oct. 27 (closed Tuesdays). Toll-free motel information may be obtained by calling 1-800-641-4202.

**TRADITIONAL MUSIC AND BLUEGRASS** Festival will be held at Lincoln's New Salem State Park from 10 a.m. to 5 p.m. Saturday and Sunday, Sept. 21 and 22. The event is free to the public. The number for information is 1-317-632-7953.

### Other events

**BOTANY FIELD DAYS**, featuring a variety of activities for all age groups, is being held from 10 a.m. to 4 p.m. now through Friday, Sept. 20, at Missouri Botanical Garden in St. Louis.

**"SCHOOL NIGHT FOR SCOUTING"** will be held from 7 to 9 p.m. today, Sept. 19, at Blair, Louis Baer and Harris schools in Madison for boys interested in becoming Scouts.

**A RUMMAGE AND BAKE SALE** will be held from 8:30 a.m. to 1 p.m. today and Friday, Sept. 19 and 20, at Concordia Lutheran Church, 2305 Grand Ave.

**RINGLING BROS. AND BARNUM & BAILEY** Circus is being held now through Sunday, Sept. 22, at the St. Louis Arena. Tickets are available at the Arena box office, all Tickets Now locations, including Famous Barr stores, Regal Sports outlets, by calling Charget at 1-314-231-1234 or by mail order to the Arena, 5700 Oakland Ave., St. Louis, Mo. 63110.

**CAHOKIA MOUNDS HISTORIC SITE** will hold festivities from 6:30 a.m. to 3 p.m. Sunday, Sept. 22, in honor of the newly restored Woodhenge.

**BOY SCOUT TROOP 46** will hold a paper drive from 9 a.m. to 2 p.m. Saturday, Sept. 21, at Long Lake Fire Department, 4113 Pontoon Road. For paper pick-up, persons may call 931-4219 or 931-0776 today or Friday.

**PREGNANCY TESTING AND COUNSELING** will be held from 9 a.m. to 1 p.m. Friday, Sept. 20, at Madison County Urban League, 500 Madison Ave. Medicaid is accepted and no appointment is necessary.

**AN OLD TIME RALLY AND BARBECUE**, sponsored by Wood River Township Democrat precinct committeemen, will be held from 3 to 8 p.m.

## Tri-City Park church to host conference

Tri-City Park Tabernacle, 3400 Maryville Road, will host a religious conference Sept. 22-25 at 7 nightly, it was reported by the host pastor, the Rev. Jim Parks.

### Delay murder trial

The murder trial of Thomas G. Mudge in the slaying of Miss Jacqueline Reed was postponed in Edwardsville Tuesday to allow prosecutors to seek a new indictment from a Circuit Court grand jury today. Associate Judge Charles Roman Jr. denied a prosecution request to change wording of the initial indictment.

Births recorded at St. Elizabeth Medical Center include:

### GIRLS

Mr. and Mrs. Larry Arnold, 2127 Bryan Ave., Sept. 15, Laura Michelle, 7 pounds, 15 ounces.

Mr. and Mrs. Jeffery Carney, 4034 Kathy Drive, Sept. 18, Erica Dianne, 8 pounds, 1 ounce.

### BOYS

Mr. and Mrs. Steven Miffilin, 113 Trockler Lane, Sept. 18, Steven Thomas, 8 pounds, 8 ounces.

## Shield law good; not enough

A crumb has been thrown from the governor's table to the press.

Big Jim recently strengthened the state's shield law by making it apply in libel and slander cases.

Reporters had been allowed under certain conditions to keep sources confidential in criminal cases. But there was no protection in libel and slander cases, as former Belleville News-Democrat editorial writer Richard Hargraves found.

Hargraves was jailed for not naming the sources used in an editorial concerning St. Clair County Board Chairman Jerry Costello.

The new shield law means nothing to the average man on the street or the average reporter. There are not many cases in which the law will be needed.

The governor and those legislators who backed the measure deserve praise for its passage, but not too much.

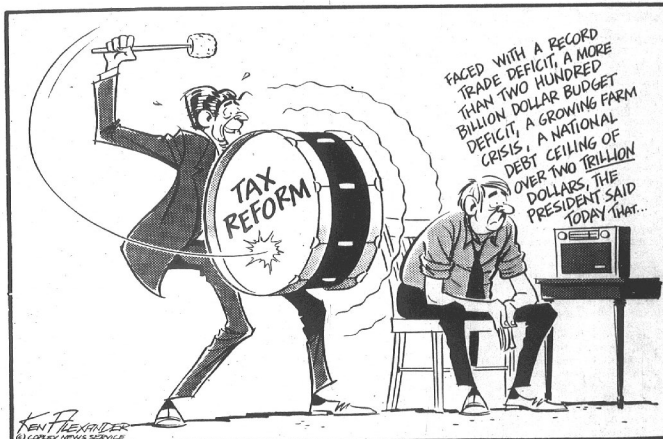

The real job of helping the press do its job for the benefit of the public has not been significantly changed by the strengthened shield bill.

In many communities, records are still being kept from the public and meetings of public officials are still being held behind closed doors. Though the public might want to know what its public servants are doing, the law has been written by those same public servants in such a way as to keep the public uninformed.

The shield law is a welcome scrap of reform off the legislative table, but it merely whets the appetite.

We're hungry for more such legislation from the governor and the legislators.

Let's move beyond the hors d'oeuvres to the main course — reforms in the Freedom (from) of Information Act and the (Un)Open Meetings Act.

### Hotline to the President?

These people were asked Wednesday about what advice, suggestions or complaints they would offer to President Reagan if they had a personal hotline to the White House.

Walton Thompson, Granite City

"Keep the Social Security coming. The way prices are — going up and up — we could stand a little more."

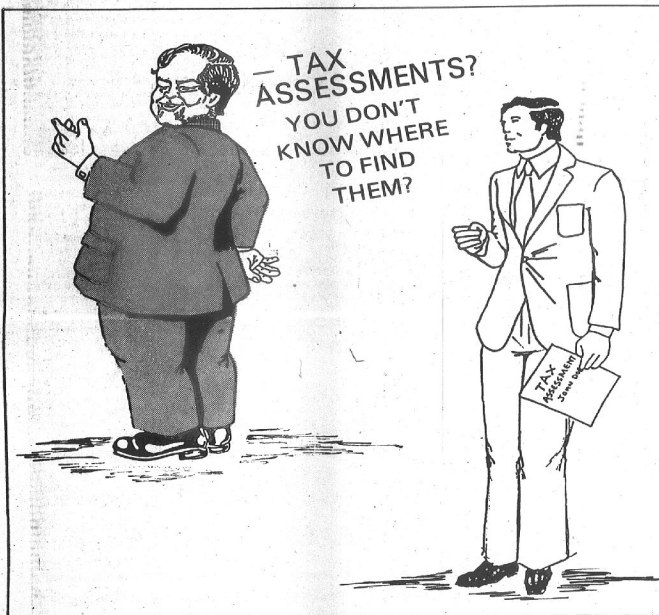

Steve Brenegan, Godfrey

"Get the tax problem finally solved. I would like some kind of resolution on it; it's taking too long. And let's give the agencies that support the handicapped a break."

Wes Hard, Granite City

"I hope he gets his tax reform bill through; that's a big plus. As far as the summit meeting with (Soviet leader) Gorbachev, I'd advise not giving up too much for too little."

## Harris hassle inexcusable

The decision not to publish assessment records of this township is an outrage.

AN OUTRAGE! And the perpetrator is Madison County Supervisor of Assessments Robert Harris.

Harris is not running assessment lists in Granite City, Chouteau, Nameoki and other townships. If you want the information, it's in the Edwardsville paper and you have to go through the hassle of locating it.

Call it the Harris Hassle.

Harris created a problem that's ridiculous, plain and simple.

Without a locally published list, the average person won't be able to compare taxes being paid on his house to what his neighbor pays. If there's a discrepancy, it will be harder to tell.

Any time the public is denied information, it

harms the public's welfare. It makes the public a little less informed about what its government is doing. It's an avenue toward making an open society closed.

Some people seem to like it that way.

We don't.

Never have and never will.

Harris is wrong in making our assessment records less accessible to us by printing them in Edwardsville.

It's time for him to make a commitment to this community that he won't do it again.

And it's time for you to let him know you want that commitment.

Don't put up with the Harris Hassle.

Stand up for your rights by writing to: Robert Harris, Madison County Supervisor of Assessments, Madison County Courthouse, Edwardsville, Ill. 62025.

## Meeting tonight on drunk driving campaign

To the Editor:

Four high school students and two teachers visited me last week. They wanted to talk with me about a program called SADD — Students Against Drunk Driving.

I didn't know very much about SADD at the time, but the students and teachers explained the program and then gave me some materials to read.

Some, it is said, feel that for a parent to support SADD would be to advocate drinking. There must be an awful lot of folks who do advocate drinking, since most deaths due to automobile accidents are alcohol-related.

Anyway, the real meaning of the program didn't hit home until I read the four (4) primary objectives of SADD:

— Refrain from driving when impaired by alcohol.

— Refrain from riding with drivers so impaired.

— Attempt to prevent others from driving who have been impaired by alcohol.

— Attempt to prevent others from riding as passengers with an impaired driver.

Now, tell me those aren't good objectives! Of course, the best thing we could do would be to stop teenage drinking. And maybe we could improve in this area if we could do just three things:

1. Eliminate the purchase of alcoholic beverages by teenagers.

2. All adults refuse to provide alcoholic beverages to teenagers.

3. Parents and relatives make sure teenagers don't have access to

the home supply.

I've never lost a child to an alcohol-related accident, but I've known parents who have lost children in car accidents and all of them were saying they were sorry they hadn't done more for their child.

The SADD program is scheduled to get its kick-off in Granite City tonight, Sept. 19, at 7 at the High School. Wouldn't it be nice if every parent in the entire community showed up at that program?

SADD may or may not be the best answer in the world to teenage drinking; but as I said to myself when I started this comment, "Better SADD than sorry."

DR. MAX REDMOND  
Granite City School Superintendent

### Speed limit is 20 in Illinois school zones

To the Editor:

School has started and the 20 mph speed limit is now in effect. Illinois law states that the 20 miles per hour limit applies on school days between 7 a.m. and 4 p.m. when children are present and signs are posted.

Adult crossing guards, auxiliary police or police officers assist students at many crossings. Although student safety patrol leaders help at some crossings,

there are others that depend on drivers slowing down to ensure safety.

Be especially alert for small children, who are unpredictable in their actions and difficult to see. In their eagerness to cross the street, they may dart into your path.

School signs are shaped like an old schoolhouse. A school area sign is posted when school grounds are next to the roadway or when a school

crossing is ahead. A school crossing sign is posted at the crosswalk and where there are school crossing signals.

A good driving practice is to slow down anytime you see a school sign. Classes may be held at different hours, and many activities are held at night or on the weekend.

JIM EDGAR  
Secretary of State

### Alderman disagrees with MEGSI editorial

To the Executive Editor:

This is in reply to your editorial published in the Press-Record on Sept. 5th under the heading the "City can do without MEGSI." Before you write such an editorial, I would hope you would check out the facts. I served on the Police Committee for a number of years, and I know a little, just a little, about MEGSI. After reading your article, I am convinced your information is very limited.

Ex-Police Chief Ronald Veizer helped get MEGSI started some nine or ten years ago. He also served as vice-chairman and maybe, just maybe, you can get a better understanding of MEGSI. There are others you can contact. Some of the policemen, some of the present aldermen, an ex-alderman, a judge, just to name a few.

In your editorial, several times you referred to the "financially troubled community." Here again your information is very limited. For the fiscal year from May 1, 1985 to April 30, 1986, the city will have sufficient money to fund all services, including \$1,000,000 for sewer repair. After all this, barring a catastrophe, there should be a sizeable fund balance. Does this sound like a city in "financial doldrums?" I suggest you contact the city controller for more information.

From your final paragraph I quote — "Should the city get out of its

financial doldrums or find evidence that a serious drug problem has developed, the mayor should not hesitate to renew MEGSI's service."

This is an outrageous statement. This is like telling the policemen to stay home until needed. Or maybe trying to get a life insurance policy after you are dead.

I do not agree with Mayor Von Dee

Cruse in his decision to drop out of MEGSI. But the mayor has made his decision and I respect it.

And now, a personal observation. In the past the owner, editor and writers of the Press-Record were local people. At the present, I do not believe this is true. And it shows.

SAM WHITMER  
2nd Ward Alderman

### We encourage other opinions

From the editor: Alderman Sam Whitmer is an informed community leader justly expressing his opinion.

We just happen to disagree. The city's financial condition is fair, but the jury is still out on proposed revenue sharing cuts that could drastically change the city's financial situation. It seems wiser to follow the mayor's belt-tightening measure than to gamble on the future.

But this is only an opinion, not holy writ. Some share our view and some, including the honorable alderman, disagree. It's the way of things in a Democracy and we surely would have it no other way.

Concerning the alderman's closing remarks, it is true that some of our employees do not live in the Quad City Area. It is also true that some of the more involved people of this community are non-residents. Though there may be some advantages to being a resident, it is ac-

tually the willingness to be involved and the sense of pride for the community that you are involved with that makes the difference.

We consider ourselves part of this community regardless of where we call home. After all, most of us spend more time and money here than we do in our own communities.

Even so, I can not more strongly state my sincere thanks to the honorable alderman for his sincere comments and I welcome any others he may render. He has used the page set aside in this paper for opinions and others should follow his lead.

We have said time and again this page is meant for the readers' thoughts at least as much as for our own and we especially appreciate the privilege of being able to present the observations of respected community leaders, such as Sam Whitmer.

Again, and sincerely,  
Jack C. Ventimiglia,  
Rick Jarvis

## Russian troops

# ATTACK!

## Combat situation 'real' for USAF

By SUSAN SIGNAIGO-WEICH  
Staff writer

A mass casualty exercise conducted by U.S. Air Force personnel at the St. Louis Area Support Center in Granite City was the closest I hope I'll ever come to a real combat situation.

Even though I knew the whole thing was just an exercise, I found myself panicking.

I tried to view the whole assignment like some fictional movie, with me on the set.

According to the script, the personnel were assigned to a 2E medium medical facility supporting operations at Helmick Air Force Base in Western Europe. The base was on the highest alert because intelligence reports indicated a Soviet exercise was in progress in Eastern Europe.

The 2E facility was established outside of the base, since the base was considered a "first strike" target for attack. The personnel were given ambulances and a helicopter to retrieve and evacuate casualties.

Intelligence reports also warned that chemical agents, especially nerve gas, might be used by the Soviets.

I walked out to the combat area. It was covered with mock casualties, whose injuries ranged from missing limbs to broken bones to battle fatigue.

"Medic, medic," I heard. Right in front of me was a man on a stretcher who had chest injuries. To the right was a man who appeared to be dead.

It was getting hard to keep a perspective on the exercise — the

makeup the injured were wearing looked real.

My attention was drawn to a helicopter overhead. "It's a rescue team," I thought.

But there was something fishy about this helicopter — it had a huge red star on the side. It was a Soviet helicopter.

The helicopter circled around and dropped a smoking green bomb.

"Gas, gas," everyone yelled. All of the personnel donned their gas masks.

One of the evaluators must have noticed I looked uneasy, so she told me it was just smoke.

The next thing I knew, the helicopter was making another pass. This time they were shooting a machine gun at the medics and injured.

"Hit the dirt," someone yelled.

Natural instinct took over and I fell to the ground.

I heard one of the evaluators laughing and she grabbed me by the arm and pulled me back to my feet.

"There's nothing to worry about," she said. "They're shooting blanks."

The helicopter circled again and came down about 200 yards away from where I was standing. Someone was getting off the helicopter.

The Soviets snuck around and positioned themselves behind a hill to the rear of me. They let go with several rounds of ammo.

The medics continued their evacuation of patients, but now they were inching their way around.

I followed some medics way back to the 2E facility. Because of the chemical agents the Soviets had us-

ed in the field, all of the patients had to go through a decontamination unit before being admitted to the facility.

At the decon station, the clothes of the patient were cut off and removed in a way that prevented the chemicals from touching the patient's skin. The patient was wiped from head to toe with a degreasing solution.

I walked inside the facility and started talking to an evaluator about the duties of 2E personnel. The medical personnel were to stabilize the patients and prepare the ones who needed further medical attention for transportation.

All of a sudden, one of the battle fatigue patients went psycho. Standing about 15 feet from me was a patient with a gun.

I tried to back up, but I was against a barrier and had no place to go.

A group of medics surrounded the man and wrestled him the ground, disarming him.

I stood there in a state of shock. I knew there weren't any real bullets in the gun, but I thought the patient was going to land on top of me.

"This is really excellent," the evaluator said.

I agreed it was good acting, but from my vantage point, I wouldn't have called it excellent.

All in all, though, the drill was comforting.

I felt reassured that the people defending our country were getting good training. I felt more reassured when I remembered it was a script — one I hope never becomes a reality.

**GAS MASK-CLAD MEDICS** cut clothing off a soldier exposed to chemical agents.

**TEAMWORK** is needed to move a wounded soldier from the field.

**A 'CASUALTY'** waits to be evacuated from the front lines.

## George Lee

George M. Lee, 83, of 2143a Benton St., Ill. for three months, died at 11:35 p.m. Wednesday, Sept. 18, 1985, at St. Elizabeth Medical Center, where he was a patient for four days.

Born in Illinois, Mr. Lee lived in this area for 41 years. He worked at Granite City Steel for 22 years in the machine shop prior to his retirement in 1966.

He was preceded in death by his wife, Mrs. Anna T. (Rosenbaum) Lee, on Jan. 11, 1979, and a son, George D. Lee, who died Aug. 11 of this year.

Survivors include one son, Robert K. Lee, and two daughters, Mrs. Opal Harlan and Mrs. Marvin (Ruby) Stultz, all of Granite City; 20 grandchildren, 31 great-grandchildren and six great-great-grandchildren.

Visitation will begin at 4 p.m. Friday, Sept. 20, at Mercer Mortuary, 1416 Niedringhaus Ave., where the Rev. Robert Jones will officiate at 11 a.m. services Saturday, Sept. 21. Burial will be at Sunset Hill Cemetery, Edwardsville Township.

## Bedros Megrdichian

Bedros Megrdichian, 86, of 1735 Walnut St., died at 6:22 p.m. Wednesday, Sept. 18, 1985, at St. Elizabeth Medical Center.

He was born June 17, 1899, in Moush, Armenia, and came to this country with his family as an infant.

He worked for American Steel Foundries for many years and later moved to Detroit, Mich., where he was employed at the Ford Co. until he retired.

He was preceded in death by his

wife, Mrs. Halkoubie Megrdichian, who died two months ago, and a brother, Neag Megrdichian.

Survivors include two nieces, Alice Dadoulian, Closter, N.J., and Mary Dugan, New York City, N.Y.

Visitation will be from 5 to 9 p.m. Friday, Sept. 20, at Davis Funeral Home, 21st Street and Cleveland Blvd., where the Rev. James Poldini will conduct funeral services at 10 a.m. Saturday, Sept. 21. Burial will be at Sunset Hill Cemetery, Edwardsville.

## Ira Thompson

Ira R. Thompson, 89, of Granite City died at 3:40 p.m. Wednesday, Sept. 18, 1985, at The Colonades Nursing Home, where he resided for four years.

He was born June 13, 1896, in Evening Shade, Ark., and lived in Brooklyn, Ark., for many years. He was a self-employed farmer until he retired and moved to this area 11 years ago.

Mr. Thompson was a member of a Methodist church and Masonic lodge in Brooklyn, Ark.

His wife, Mrs. Ora Thompson, died in May 1971.

Survivors include a daughter, Mrs. R.L. (Ruby) Johnson, Granite City; three sons, Billy Ray Thompson of East Alton, Joe Thompson of Jonesboro, Ark., and Johnny Martin of Dearborn, Mich.; a sister, Mrs. Madge Wilkerson of Evening Shade; 12 grandchildren and 12 great-grandchildren.

Funeral arrangements are pending at Irwin Chapel for Funerals, 2801 Madison Ave. The number to call for information is 877-6500.

He was preceded in death by his

## Mrs. Sylvia Reiske succumbs at age 75

Sylvia Victoria Reiske, 75, of Cottage Hills died at 4:18 p.m. Tuesday, Sept. 17, 1985, at Barnes Hospital in St. Louis. She had been ill for 16 months and hospitalized for two days.

Born in Seattle, Wash., Mrs. Reiske was married to the Rev. Fred H. Reiske Sr., who was formerly of Granite City. He preceded her in death on July 16, 1985.

She was of the Protestant faith. Survivors include two daughters, Bernadine Wiessman of Edwardsville and Sylvia Newhaus of Godfrey; three sons, George H. Reiske of Ventura, Calif., Fred J. Reiske of Bethalto and Charles A. Reiske of Godfrey; 18 grandchildren and eight great-grandchildren.

Visitation will be from 4 to 6 p.m. today, Sept. 19, at Smith Funeral Home, Texas and Kansas streets, Bethalto. Services will be at 11 a.m. Friday, Sept. 20, at Smith chapel, 1818 E. Adams. Burial will be at Roselawn Memory Gardens, Bethalto.

## James Turner, 64, succumbs in Texas

James Everett Turner, 64, of 906 N. Commercial, Aransas Pass, Texas, died Wednesday, Sept. 11, 1985, at home. He had been ill for eight years and under a doctor's care.

Born in Cloverdale, Ind., Mr. Turner spent most of his life in Texas.

A retired auto mechanic, he was of the Catholic faith.

Survivors include his mother, Mary Turner of Granite City; one son, Ralph Turner of Fishkill, N.Y.; one daughter, Debbie Turner of California; one brother, Lester Turner of Fackland, Mo.; two sisters, Mrs. Sholbert (Vera) York of Daytona Beach, Fla., and Mrs. Charlotte Hughes of Cabot, Ark.

He was cremated in Texas and private services are scheduled for a later date at Irwin Chapel for Funerals, 2801 Madison Ave.

Memorials are requested for Central Christian Church in Granite City.

## Memorial services held for Elsie Schill

The Rev. Robert Baumann will conduct memorial services at 10 a.m. Friday, Sept. 20, at Davis Funeral Home, 21st Street and Cleveland Blvd., for Mrs. Elsie (Huxie) Schill, 83, of St. Petersburg, Fla.

Formerly of Granite City, Mrs. Schill was a retired Granite City school teacher.

She died at 10 p.m. Thursday, Sept. 12, 1985, at Bay Front Hospital in St. Petersburg. Cremation services took place in Florida.

Memorials are requested for St. Peter Evangelical United Church of Christ, 2201 Cleveland Blvd., Granite City.

## Bonds authorized for AERO Aviation expansion

MADISON COUNTY - Industrial revenue bonds will help AERO Aviation, 3314 Highway 162, to expand during the next three years.

The Madison County Board on Wednesday authorized issuing \$250,000 in bonds to loan the company money for its expansion.

The company currently has 11 employees and intends to add another four. The company remakes cylinders for airplanes.

In another matter, the county board accepted Sheppard, Morgan and Schwab Inc. as engineers for a sewer line extension in Northgate Industrial Park on Illinois Route 3 north of Granite City.

## \$26,177 in fines paid to entities

Traffic fines totaling \$26,177 have been distributed to Quad-City area government entities as part of \$154,848 in August traffic fines released by the office of Willard W. "Butch" Portell, Madison County circuit clerk.

Fines distributed to this area and to state agencies during August included the following:

Granite City \$18,318  
Madison \$2,582  
Venice \$3,295  
Pontiac Beach \$1,972  
State overweight \$23,070  
Conservation Dept. \$823  
Madison County \$44,904

## Catfish catches bus passenger

By VALERIE EVENEDEN  
Staff writer

A string of fish came hurtling through a bus window and struck a woman passenger at 6:15 p.m. Monday.

The spines of a catfish on the stringer stuck in the head of Renee Anderson of Venice, causing some bleeding and pain.

"IT WAS A SHOCK and it hurt," Anderson said.

The fish had to be removed by a fellow passenger, Emzile Smith of Madison, before Anderson was able to get off the bus.

She was reluctant to go there but was taken to St. Elizabeth Medical

Center for treatment after talking with a Venice police sergeant.

**THE INJURED WOMAN** was coming home from work in St. Louis on a Bi-State bus which made a right turn onto Broadway from Illinois Route 3 near the McKinley Bridge. Four youths between 15 and 17 years old were standing near the Broadway underpass holding fishing rods. Suddenly, one of the youths threw the fish into the open bus window.

It's hard enough for a fisherman to unhook a catfish without getting speared by its sharp spines or spines; getting struck in the head by such a creature is worse, the victim said.

"IT CAUSED A CUT to the top of my head and a headache," Anderson said.

"The passengers kept telling the bus driver to stop, but he was wearing earphones and didn't hear us. Then, he put us off the bus and left," she said.

After unhooking the catfish, Smith threw it out of the bus window. About four other fish on the stringer were left on the bus, Anderson said.

A search of the area failed to turn up the culprits, and Venice police referred the incident to a supervisor at the Bi-State Transit System for further action.

## Liability for Dobrey Slough well questioned

By SUSANNE INDELICATO  
Staff writer

GRANITE CITY - Who will be liable for any damages caused by the Dobrey Slough well?

That's the question Helen Hawkins put to the Metro-Estate Sanitary District Board Wednesday.

"WE'VE NEVER once had anyone say they'd take on the liability of the pump," she said. "The U.S. Army Corps of Engineers stressed this. I believe that's why they wanted out of it, because of the damages they could cause."

The well was installed and tested by the Corps of Engineers in January. Since then, MESD, Namekagon and Granite City have informally agreed to share the maintenance and operation costs of the well in an effort to reduce the underground water level in Dobrey Slough.

"They (the Corps) put something in the ground. Now they're trying to get out of it because they can't be liable for the damages," Hawkins said.

**BUT THE WELL** should not damage homes or structures in the area, according to Corps Study Manager Dan Marshall. Claims that the well may pull up soil or sand with underground water are "not true," he said.

"Our tests did not result in that observation at all," he said.

Sump pumps near basements may suck foundation material from homes because the pumps are not properly filtered and because of their proximity to foundations, he explained.

**THE WELL** in the Dobrey Slough will be 100 feet deep and eight inches in diameter. There will be a pump at the bottom level, Marshall said.

"For this to draw soil from under foundations it would have to draw sand through all the other soil and through an eight-inch diameter pipe. The pump should be properly filtered, he added.

**HAWKINS ALSO** objected to the possibility of residents in the area having to form a taxing district to operate the well when the three

public entities end their year's agreement.

"We should push the federal government to take it over," she said. "No small taxing district could handle this. I want to keep it on the road it always was. I'm asking you to please push the feds to keep the pump in there and take responsibility for it."

Hawkins said she has contacted Sens. Allen Dixon and Paul Simon and Cong. Dan Rostenkowski.

"**THEY ALL** tell me to go to my local drainage district for support," she said.

"The board's thinking on it is we really don't want to get involved with the thing," MESD Executive Director Shang Greathouse said. "They've got it down to a couple thousand dollars (in cost), but when you consider the liability, I don't want to get involved with this stuff. You've got an ally here as far as we're concerned."

Following the meeting, Greathouse told the Press-Record that the liability question is not concerning him and that he would not sign any contracts on the well until the matter was investigated.

**CONTRACTS** have been drawn up, and a contract presented to the Granite City Council Tuesday night has been sent to the city attorney for his review.

Meanwhile, Marshall said the

Corps could not operate the well because the Corps has not received funds to do so.

"The pump itself was installed with study funds - monies used to investigate the feasibility of alternative pumping schemes to relieve flooding in the area. It's nowhere near the final design stage. It hasn't been approved for funding by Congress. We cannot continue to operate it under any means," Marshall said.

**AN AGREEMENT** among Granite City, MESD and Namekagon calls for the three taxing bodies to share the cost of the well on an equal basis, with each share not to exceed \$3,410.

The agreement stipulates the well be operated for only one year to determine the well's effects on the underground water level.

Another contract involves Mr. and Mrs. Clarence Cooper, property owners of the well site at Hemlock area "Pine slide."

Corps officials, who installed and tested the well last January, said the well could have some effect on 500 to 600 homes within a 10-block radius of the well.

**RESIDENTS** of the Dobrey Slough area have approached the Granite City Council and MESD Board with petitions.

The petitions ask that the well be maintained in an effort to lower the water table and relieve water seepage in basements.

## Venice Parks told of suit

By RACHEL NEWSOME

A small claims court suit was filed against the Venice Park District on Aug. 19. Mel Price asked the court, Paul Lauber, reported at Tuesday's board meeting.

Consolidated Products Inc. filed the \$973 suit claiming the district had not paid for delivered items. The Rev. John Henry Williams, board president, requested proof from Consolidated that someone from the park district had signed for the products in question.

"It's not that we don't want to pay them, but we haven't received all the items," Williams said.

**FACILITIES LEASED**  
Co-ordinated Youth Services will once again lease the park's facilities for schooling purposes. Lauber explained he had prepared the same type of lease for the facilities as last year.

"This is good and it's a big help for our community. I want to commend the board for allowing this," Williams said.

**WATER SLIDE**  
The Lee Park water slide is still under construction.

Plumbing installation should be completed this week and the installation of the slide is scheduled to begin next week.

**FIRE INSURANCE**  
The board authorized Arnold Johnson, park manager, to look into and purchase fire insurance for the recreation building and offices located in Lee Park.

The district had been notified previously that its state insurance policy had been cancelled due to the large amount of lawsuits in this region.

**POLICE RADIOS**  
The board also discussed the possibility of purchasing new radios for the park police. Further action will await compiling of more information.

## Venice officer suspended 5 days

VENICE - A five-day suspension without pay has been ordered for Patrolman Gary Wallace, 34. It will start Sept. 23.

The suspension resulted from a Sept. 8 incident in which Wallace allegedly drew his pistol after having been drinking, according to information released by Police Chief Farris Smith.

The patrolman reportedly asked a group of persons to remove their vehicles from a no-parking zone in the Venice Homes housing complex. When one person reached into a briefcase to get a driver's license, Wallace allegedly removed his service weapon.

Wallace reportedly did not point the weapon at any of the individuals. He is said to have held the gun in his side. But concern was expressed by those in the vicinity about this action and the officer's attitude.

A Venice police sergeant passing the area at the time took over for Wallace, sending the patrolman to police headquarters. After Wallace complained of not feeling well, he was sent home.

Upon looking into the matter, Smith ordered the five-day suspension for being "intoxicated on duty." A copy of the suspension order also was sent to the Venice Board of Police Commissioners.

Smith said Wallace had never previously reported for duty after drinking. The patrolman joined the department May 28, 1984. "He is a good officer and a mistake can happen to anyone," the chief said.

## Coroner disputes state on lab test backlog

SPRINGFIELD — Illinois Department of State Police Director James Zage said there is no longer a backlog in state processing of toxicology tests for county coroners, but that was disputed by Madison County Coroner Dallas Burke.

The Department of State Police had conceded in a letter to coroners and other county officials last month that "turnaround time and backlog of cases have increased during the transition of the toxicology section from the Department of Public Health to the Department of State Police."

Zage and state Inspector General Jeremy Margolis held a press conference Sept. 13 to release a scathing "final report" on mismanagement of the Illinois Department of Public

Health toxicology laboratory in Chicago.

State Police took over that lab in April and closed it permanently in June. An investigation by the department and an outside consultant concluded the Chicago lab's performance was so consistently bad that it had "habitually produced inaccurate analysis of evidence."

Blood and urine samples sent in by coroners for analysis of alcohol or other drugs for inquests are now being processed either by a temporary laboratory in Springfield or private laboratories.

The backlog in processing has now been solved, Zage insisted.

Department spokesman Bob Fletcher also said coroners had been sent the names and telephone

numbers of seven toxicology officials to contact "day or night" if they had any problems in expediting lab results.

Mrs. Burke, however, said she has called to expedite some cases but still has about 20 pending.

Some of them have been delayed for three to four months and she has received several calls from "families and attorneys" concerned about insurance payments being held up.

As a result, she said, in the last few weeks she has sent samples in about three deaths where drugs were strongly suspected to the lab operated by the St. Louis Medical Examiner's office.

Fletcher said the county could be incurring unnecessary expense,

however, since the state no longer charges a \$125 fee and is doing the tests for free now.

Mrs. Burke indicated she would begin sending all samples to the state again for toxicology reports once she is convinced the backlog problem has been resolved.

Fletcher contended the coroners could go ahead and sign death certificates before inquests were held.

Mrs. Burke questioned the validity of such a procedure, however.

"Are they trying to tell the coroners how to run their office? I don't see how we can sign a death certificate if we don't know the inquest jury's ruling," Mrs. Burke said.

Fletcher also criticized coroners in general for being "uncommunicative" in helping the state with

## Couple charged after car incident

Carolyn J. Byrd, 24, and John E. Byrd, 28, both of 1710 Cleveland Blvd., were arrested Sept. 15 after an incident in front of their home.

Police were sent to the scene regarding a green car said to be racing up the street in the 1700 blocks of Cleveland Blvd. and Delmar Avenue. When police arrived on Cleveland, they observed a green

auto and questioned Mr. Byrd, the owner.

Mrs. Byrd allegedly got into the car and started to move it. An officer entered his squad car and attempted to block her from leaving, but said Mr. Byrd stood in front of the squad car, enabling Mrs. Byrd to leave.

He was placed under arrest for disorderly conduct and then was charged with resisting arrest. When she went to the police station to check on her husband, she was informed she would be charged with disobeying a police officer; she allegedly yelled profanities there and also was booked for disorderly conduct.

DR. KEITH ZINN  
CHIROPRACTOR  
Phone: 877-7066

the problems caused by the Chicago lab situation.

He said the department will seek an emergency \$2.5 million appropriation from the General Assembly next month to build a new "state of the art" toxicology lab in Springfield that it wants to have ready by the middle of next year.

### Ladie's Calico\* Shoes 20% OFF

Entire stock of dress and casual styles.

**TIGER TRAINER** Wade Burck faces rare Burmese White Tigers in the steel cage of Ringling Bros. and Barnum & Bailey Circus. The circus will be in St. Louis Sept. 17 through 22.

## Tigers highlight 100th anniversary celebration of circus

Ringling Brothers and Barnum & Bailey Circus, celebrating the 100th anniversary of Ringling Bros. Circus, opened at the St. Louis Arena on Sept. 17 for 11 performances through Sept. 22.

For the first time in over two decades, a special attraction has been added free of charge for St. Louis circus fans. The Old Fashioned Circus Menagerie and Classic Sideshow will feature exotic, one-of-a-kind performers, including fire

eaters, snake charmers and sword swallowers.

Audiences will see rare white tigers as well as elephants, zebras, llamas and all the animals of The Greatest Show On Earth up close. The special enclosed area will be set up on the east parking lot of the Arena and will be open free of charge to patrons with a circus ticket 90 minutes prior to showtime.

Wade Burck appears to feel no fear while facing the savage fury of

wild beasts of the jungle. "There's always fear from the threat of attack when a man enters the cage with 15 wild animals," Burck admits. "But I can never let on to the tigers or the audience that I am apprehensive, or I might not walk out of the cage."

"I have to play a game with the tigers, because to them, I'm just another cat in the cage and I must always be the strongest, the most clever and the most daring."

An animal lover since childhood, Burck started as an apprentice and worked his way up through the ranks to trainer. He has a breeding program to produce more white tigers and hopes to soon present the first all-white tiger act in the world.

"The only problem with breeding tigers is that when they are very young it's hard to remember that someday they might try to kill you," Burck said.

Other animal acts in this all-new edition of the circus include the elephant training expertise of the Axel Gautier family; the American debut of Bulgarian bear trainer Yenko Lilov; and Daniel Suskov presenting an exhibition of ponies and zebras in a "liberty" routine.

A herd of camels, llamas and canines completes the three-ring menagerie of The Greatest Show On Earth, making this year's milestone edition one of the largest exhibitions of performing exotic animals in the

world.

Tickets are now on sale at the Arena box office, all Tickets Now locations, including Famous Barr stores, and Regal Sports outlets; by calling Chargin' at 1-314-251-1234; or by mail order to the Arena, 5700 Oakland Ave., St. Louis, Mo. 63110. For additional ticket information, the phone number is 1-314-644-0900. Special group discounts are available for selected performances and can be arranged by calling 1-314-997-0904.

The circus will hold admission interviews for Ringling Bros. and Barnum & Bailey Clown College and auditions for female dancers Thursday, Sept. 19, at 4 p.m. at the Arena. For more information on a circus career, interested persons may call 1-202-364-5220.

**\$50 TAKEN FROM HOME**  
Jackie Morelock of 2830 Victory Drive told police Sept. 16 someone gained access to her home and took \$50 in cash from a dresser.

## Orienteering meet Saturday

On Saturday, Sept. 21, the Educational Therapy Center here will host a public orienteering meet in honor of National Orienteering Day. It is set for 10 a.m. to 2 p.m. at Shelter 3 in Wilson Park.

Orienteering is a sport in which participants use a map and compass to find their way to a series of marked geological or man-made features in a park or forest. Saturday's course is designed to provide a mild challenge for the experienced orienteer, or to teach the beginner the basics.

Wilson Park is one of 12 selected sites in the St. Louis metropolitan area where the public may attend meets sponsored by the St. Louis

Orienteering Club.

ETC students at Lake School have helped plan the event, and will assist in registering participants, teaching map and compass reading skills, and accompanying beginners on the course. Awards will be given to participants who complete the course.

Kim Commaack of ETC said, "Orienteering is becoming more and more popular in the United States. It is very inexpensive, requiring no special uniform and little equipment. If you enjoy hiking or running, meeting friendly people, a mental challenge and adventure, don't miss this opportunity to become involved in a challenging event. Bring your thinking cap and jogging shoes."

# School mergers could affect Venice, Madison

By VALERIE EVENDEN  
Staff writer

VENICE — Area school districts must now become actively involved in a process that may change the boundaries of seven school districts through consolidation.

The changes will not come overnight, but apparently are inevitable, the Venice Board of Education learned Thursday night.

**ENHANCEMENT** of educational opportunities for children — and provision of an efficient system of high-quality education — are the stated goals of the proposed reorganization of school districts in Illinois.

Steps leading to reorganization, mandated under Illinois Senate Bill 730 and effective Aug. 1, 1985, are now in place. Prospects of drastic changes for some schools have surfaced in discussions at some board meetings.

The proposal will directly affect school districts such as Venice and conceivably Madison, according to Venice Superintendent of Schools Robert N. Vickers.

**VENICE SCHOOLS** recorded a total enrollment of 502 students Thursday, with 174 pupils at the high school level.

The larger Madison School District is more of a borderline case because of its bigger enrollment, Vickers said. On Wednesday, a pupil enrollment of 1,404 was recorded in Madison public schools, including 413 high school students.

Minimum criteria for school district size under the reorganization proposal is a student population of 1,500, including 1,000 at the elementary level and 500 in high school.

**THE FIRST STEP** toward realigning district boundaries or consolidation would be the formation of a countywide School Reorganization Committee under the jurisdiction of Regional Superintendent of Schools Harold E. Briggs.

Each school board of a unit district in Madison County is to elect a person to serve on the county committee, Briggs said. The name of a candidate must be submitted by Oct. 4.

**POSSIBLE CANDIDATES** for appointment to represent the Venice District were discussed briefly at Thursday's meeting.

"We have a deadline to decide who we want and we will have to have your recommendations by the next meeting," Vickers told board members.

A candidate for the county committee cannot be a member of the school board nor an employee of the school district, the superintendent said.

**QUALIFICATIONS** of persons to be considered also include the stipulation that the person must be a resident of the district.

**Retirement barbecue** honors Wade Frazier

Wade Frazier, 3032 Sunbury Ave., was guest of honor at a barbecue retirement party given by his daughter, Debbie.

He was an employee of the Arnold Junior Fenton Industries, St. Louis and a member of Teamsters Local 600 prior to his retirement.

Faye, his wife, and other family members attended, including a group from Valle Mines, Mo.

Frazier was active in Local 600 for 35 years and worked at the St. Louis firm 31 years.

## FOR PET'S SAKE

by James R. Hill, D.V.M.

### CARE FOR THE OLDER DOG

Dogs, like humans, have a longer life expectancy today than ever before. Veterinary care is more sophisticated, vaccines have been discovered and improved, the standards of diet are higher, and pet owners are generally taking better care of their "best friends."

When a dog reaches an older age, from 10 to 12 years, his body begins to undergo a number of changes. In order to keep him as healthy and happy as possible, a number of adjustments should be made by the dog owner.

The older dog is more sensitive to heat and cold. He should be kept out of drafts in the winter, not given too much exercise in the heat of summer, and dried off when wet. His diet should also be modified to keep up with his changing metabolism. He may also require the addition of vitamin supplements and hormones.

Since an older dog is also more susceptible to various ailments and diseases, it is especially important that he visit the veterinarian for frequent regular check-ups.

**HELPFUL HINT:**  
Is your male cat or dog overly aggressive and hard to keep at home? Is your vet about neutering him? Cats are a lot more willing to be neutered and spayed than dogs. It will improve his disposition and lessen the desire to roam.

registered voter residing within the school district.

A candidate may be any citizen that is employed by a local board on a contract basis but not receiving any fringe benefits, or may be a member of the Regional Board of School Trustees.

"The committee is supposed to come up with a plan for all of Madison County and not just for the district the members represent," Vickers explained. Any plan devised must meet the requirements of the state legislation, it was noted.

**EQUAL EXPENDITURE** and efficient use of educational resources at the local level, enabling all districts to provide a range of high-quality programs with equal opportunity for quality education for all children, are goals of the reorganization program.

Fifty-six committees are being organized throughout the state, one in each educational service region (ESR). The local ESR consists of Madison County. The law provides that Cook County will be divided into three subregions, each with its own committee.

Factors such as topography, economic conditions, population

trends, social factors, and building and highway facilities will be considered by committees.

**PROPOSED DISTRICTS** may cross county and ESR boundaries, but each elementary district must lie completely within a single high school district, the guidelines say.

Committees are to provide for terms of adjustment of property, assets, debts and liabilities of districts that may be divided or altered and also the effective date of the plan for the election of school board members.

Public hearings will be held and the committee may hear testimony from any resident of a district affected by the plan.

Proposed plans are to be submitted to the State Reorganization Committee no later than June 30, 1986.

**AFTER FINAL** approval of a plan by state authorities, the regional superintendent is to submit the plan by Dec. 10, 1986, for voting at the April 1987 election.

For passage, the act requires that a majority of the voters in each affected district approve the plan. If they do not, consolidation would not take place.

A successful vote would result in a

new district becoming effective July 1, 1988, and the election of board members in November 1987.

**A NATURAL CONSOLIDATION** would be for Madison and Venice to be together," Vickers said Friday.

"Both communities probably would prefer to retain their own schools and it will depend on how the people vote. Maybe they would turn it down," the Venice school official said.

"There is no doubt that smaller school districts can't offer as extensive a curriculum as the larger districts."

"I think it is going to happen eventually," Vickers said.

If a proposed consolidation plan is rejected by voters in the affected districts, the plan will go back to the county ESR committee to study why it didn't pass and it could be submitted again for voter approval.

Vickers advised the Venice School Board Thursday night.

## Apple fest Sept. 22

Old Six Mile Historical Society will hold an apple festival Sunday, Sept. 22, from 1 to 4 p.m. at the Old Six Mile Museum, 3275 Maryville Road.

There will be applebutter cooking and tasting. Visitors may buy applebutter on slices of home-made bread as well as jars of applebutter, bakery goods, candied apples, and apple cider to drink.

The gift shop and the museum will be open. "Come enjoy an old country favorite with your friends," a spokesman urged.

## Getting Better!

### 'Healing' Warriors progress past Tigers, 3-1

Three second-half goals lifted Warriors to victory

By ALAN L. GERSTENECKER  
Executive Sports Editor  
EDWARDSVILLE — Progress, no matter how small, is a most important element as a sports team winds its way through a season. A team which constantly progresses will never have to look back.

Granite City High School's varsity soccer team is such a team in progression.

Following an early start this season in which the Warriors emerged from their first three games with one victory and two ties, the anemic Warrior offense of the past is getting better.

With victories over Cahokia — a 4-1 scoreless on Saturday — and Edwardsville — a 3-1 victory — Tuesday night at Southern Illinois University at Edwardsville's Cougar Field, the Warriors' diagnosis is one of optimism. They are getting well.

"We're playing better ball," said Warrior coach Gene Baker after the victory over Edwardsville. "We're starting to move after the ball like I think we should. Our frame of mind is improving. We're starting to think while we're out there."

While the Warriors' mental game is improving, Baker saw other improvements as well.

"I saw some pretty attractive passing out there the first quarter and again later in the game. We let down somewhat, I thought, in the second quarter, but that's a tribute to Edwardsville. They're an aggressive team. A factor to be reckoned with," Baker said.

**FINE PASSES** were the Warriors' key to the victory and set up their go ahead and third goals in the game, but ironically, it wasn't such a game that set up the first goal. Instead, an individual effort by senior Scott Bionson put the Warriors ahead.

At 44:03, just more than four minutes into the third quarter, Bionson dribbled past the Tiger defense, and in traffic, slapped a shot past the Tigers' netminder Neal Glasgow.

"That was Scottie (Bionson) all the way," said an excited assistant coach Dave Ames after the score. "Unassisted," Ames added.

**THE CONGESTED** goalmouth — the Tiger defense which was gaining on Bionson as he made his way to the

goal — made the goal difficult to see from the field level, but Ames saw it clearly enough.

Bionson's lone goal stood for more than a quarter before the Tigers tied the game with a similar-type shot in the fourth quarter.

At 64:12, Tom Fayollat, who the Warriors' scouting crew had so accurately alarmed the Warrior coaching staff of, broke through the Warrior defense and, unassisted, strong-legged a shot past the diving Warrior goalkeeper Terry Dutko.

Dutko, who was parallel to the ground as he attempted to save the shot, nearly stopped Fayollat's shot which skidded into the lower right corner of the goalmouth.

"IT WAS a beautiful goal," said Tiger coach Fran Dwyer describing Fayollat's shot after the game. "I thought it was the prettiest goal of the night."

Fayollat's efforts tied the game at one, but it remained that way for only a short time, less than three minutes.

With 12:51 remaining in the fourth quarter, at the 67:09 mark, small but dynamic Steve Becker deftly passed off to Dennis Gaudreault who pushed it in for the go-ahead and ultimately the winning goal.

"DENNIS is an opportunist," Baker said of Gaudreault after the game. "He's there at the right time. We didn't start him tonight because his leg is tiring, but he does a good job coming in off the bench."

The Warriors' insurance goal came about five minutes later when the speedy Jeff Zukas penetrated the Tigers' defense before passing off to Brett Scrum who put the ball in the net at the 72:11 mark.

"They're (Granite City) just an awfully good team," Dwyer said. "Our kids really tried, they were really pumped up for this one. I feel proud that we played them as tough as we did, don't think the score indicates just how close the game was. Let's say it was closer than two goals."

Granite City, which is now 4-2 overall and 2-0 in the Southwestern Conference, will host conference rival Belleville West this evening in a 6:30 p.m. contest at the Gaudiel, Saturday, at 1 p.m., the Warriors will host Quincy Senior.

## Warrior Kickers

### Underclass squads great by own right

By ALAN L. GERSTENECKER  
Executive Sports Editor

EDWARDSVILLE — Think soccer in Granite City and the Warriors' varsity team comes to mind. But there are two other high school teams in town in the varsity's future hinges directly upon their success.

Those two teams are the freshmen and junior varsity. The most scrutinized and one of the most talented teams in the area, the underclass teams are not without merit.

The freshmen squad, coached by varsity assistant coach Dave Ames, is 2-1 on the season. And, coming off a 5-0 loss to Collinsville, the freshmen are looking to rebound against Hazelwood West, their next

opponent.

"WE PLAYED Alton tough, beating them 5-0, and we played tough against (Belleville) East, winning 3-2," Ames said.

"Then we lost to a really good Collinsville squad. They're really strong, but, too, I don't think we played that well."

"We're going to try to put things back on track against Hazelwood," Ames said.

As impressive as the freshmen are, the junior varsity squad appears to be even more impressive.

Coached by Mel Bunting, the Warrior jayvees are 5-0-1.

"I'M REAL pleased with the kids," Bunting said. "We've got some freshmen up on our squad... you know that's always been our

philosophy to play the good kids up. Things are going pretty well right now."

Those freshmen who are playing junior varsity include Chris Ryan and Mike Livesay, Bunting said. But the jayvees success lies solely not with the freshmen, but with others like Todd Hinterser, Jeff Grote, Mike Lane, Greg Bailey and Bill Alexandrian.

"I could go on and on listing those who have contributed," Bunting said. "The list would include everyone."

**MOST RECENT** stars, those who scored in Tuesday's 5-0 shutout of the Edwardsville junior varsity squad, include Bailey who scored the first goal, Ryan who scored the second and fourth goals, Hinterser

who scored the third goal and Tim Hutchinson, who scored the jayvee Warriors final goal.

"Not only do we have some fine players in the field, but our goalie situation is the best it's ever been," Bunting said. The Warrior junior varsity corps include Rob Swanson, Craig Dippel, Randy Chapman and Matt Krokovich, who is seeing some varsity action.

The jayvees, who will play Belleville West's juniors at 5 p.m. today at the Gaudiel before the varsity game, have only been scored upon one time this season, a 1-1 tie with Collinsville.

Victims this season have been Alton, Belleville East, Alton-Marquette, Cahokia and, their latest, Edwardsville.

## Prep Tennis GCHS tennis team downs Roxana 5-2

GRANITE CITY — Granite City High School's tennis team improved its season record to 4-3 Tuesday with a 5-2 victory over Roxana at the Grand Avenue courts.

"It was a pretty good win for us," said Warrior tennis coach Dick Harmon. "With injuries we showed that we have some depth in our squad, enough to win."

With a knee injury to Marcia Williams, the Warriors' No. 1 singles player, the entire Warrior lineup moved up a notch and in doing so performed well enough to win. Williams is expected to be out a week with the bruised tendon in her left knee.

**PLAYING** for Williams at first singles was Linda Briner. Briner battled Roxana's Betsy Diamond nearly even in the first set before falling in the second set. Diamond, whom Harmon called "really tough," bettered Briner 7-6, 6-0.

In second singles, the serve and volley game of Andrea Suarez wore down Kim Daubenspeck and afforded the Warriors their first victory. Suarez's Everett-Lloyd-like, patient game earned her a 7-5, 6-2, two-set victory over Daubenspeck.

In No. 3 singles, Sandy Taylor had little trouble with Kate Raich as she breezed by Raich in straight sets of 6-1 to tally the Warriors' second victory.

**DOWN TWO** games to one, Roxana earned its second victory in fourth singles as Kristi Sheff bettered Granite City's Lori Hubert 6-3, 6-3. For Hubert it was only her first singles start of the season.

The Warriors' depth proved to be the deciding factor in doubles action as they swept all three doubles pairings.

In first doubles, Jamie Gonzales and Dawn Bowers teamed to handily defeat Chris Jones and Shawn Likeman. The Warrior duo bettered their Shell counterparts 6-1, 6-0.

In No. 2 doubles the result was same. In fact, so was the score. Julie Gabriel and Jaymie Siebert, who finished second in fourth doubles at the Highland Invitational Tennis Tournament last weekend, bettered Roxana's Karie Klienart and Angel Burt 6-1, 6-0.

**JAMIE NAGHAWAN** and Maghan Lombard put the icing on the cake for Granite City as the Warrior duo, who finished fifth in first doubles during the Highland tourney, bettered Roxana's Tracy Perkins and Toko Takazawa 6-2, 6-3.

"I'm happy with the win," Harmon said. "It gives us a winning record again, too."

In the Highland tournament, a round-robin affair, the Warriors finished second with seven points, five behind tourney-winning Highland with 12. Mater Dei (Breese) also finished with seven points, but because the Warriors earned a 3-2 victory against the Knights in head-to-head play, the Warriors were awarded second place. Greenville rounded out the four-team tourney in fourth place with two points.

The Warriors are idle until Tuesday when they host Alton at the Grand Ave. courts. Action begins at 4 p.m.

## Southwestern Conference Showdown Warriors look to Kahoks for first win Football

By ALAN L. GERSTENECKER  
Executive Sports Editor

GRANITE CITY — By 10 p.m. Friday there will be but one football team in the Southwestern Conference that is winless.

With kickoff at 7:30 p.m. in Memorial Stadium, the only two remaining winless teams in the league — Granite City and Collinsville — will do battle. When the dust clears by the stroke of 10, one team will be 0-4 while the other will have gotten its first win, something both have waited nearly half a season for.

Last week, the Warriors were 60-0 victims of East St. Louis, the No. 1 team in the country, according to the nationally syndicated newspaper USA Today.

**COLLINSVILLE** was also a shutout victim, falling 34-0 to conference rival Alton. So, with neither team scoring any points last week, Granite City High School coach Ron Yates expects some fireworks this week.

"It should probably be a pretty good game," Yates said Wednesday. "I'm sure one will be looking to nail the other. You'll probably see some points put up on the board."

While the Warriors are still

winless, they have come a tougher road this season than Collinsville, comparatively speaking.

**WITH** losses thus far to Danville, Belleville West and East St. Louis, the Warriors' record from here should get easier. While the Kahoks, who have lost to Wood River, Mascoutah and Alton, still have Belleville West and East St. Louis to look forward to. And, while the East Side is the top rated team in the country, Belleville West is a neighborhood bully, rated as one of the top 10 teams in the St. Louis area.

"We know that our toughest games are behind us, that's why I think our guys are going to be sky high for this one," Yates said. "We played three very tough teams. They (the Warriors) know what good competition is. After getting whopped their first three games they want to win bad. They're hungry for a win and hopefully, we'll get it Friday."

**AS FOR** Collinsville, Kahok coach Bob Hollingshead says he and his squad are saying the same thing in their camp. And to do that, Hollingshead knows that the Kahoks must find an element of consistency.

"We're going to try and do the same thing we've done before, but refined somewhat," Hollingshead said. "We're looking to establish a

consistent offensive drive. We scored twice, once on a broken play and another on an interception. We're still looking for a good long offensive drive."

"Basically, we both run the same offensives and (Warrior defensive coordinator) Bob Stegemeler runs the same defense, so we're not really as worried about them as we are about sustaining a drive," Hollingshead said.

**THROUGH THE** Warriors' first three games one of Yates' goals has been to keep his team from sagging into depths of depression after the losses.

"It's really important to keep those three games in perspective, just who we were playing and how good they really are and at the same time using that to keep from getting down," Yates said. "I think we're doing that."

If there is a reason for optimism following last Saturday's game with the Flyers it's that the Warriors, while being shut out, still managed 200 yards offensively and they did so without suffering a serious injury.

"Something that a lot of people don't realize is that we moved the ball better than a lot of teams do against East Side," Yates said.

"WE GAINED about 160 yards on

the ground and about 50 in the air and most of that was against their first team. Even (East St. Louis coach Bob) Shannon commented that we moved the ball well," Yates said.

While the Warriors' offense is maturing into a viable force, Granite City's defense is not without its own successes.

"Our defense looked as good as it has this season," Yates said. "We've got three seniors who are maturing into some hitters. When that happens it often becomes contagious."

Those seniors are Mike Fenoglio, Chris Greer and Kip Simpson. Fenoglio and Greer are linebackers while Simpson is a defensive end.

**OFFENSIVELY**, the Warriors will be intact. Tim Hogan will lead the Warriors' offense with Dave Tatum at running back and Jamie Hogan at split end.

"It's a shame someone has to lose. A win will be a big boost for both programs, but someone has to lose. We both can't be winners," Yates said.

In small school action, Madison which is 2-0 this season, will travel to Breese Central for a 7:30 p.m. game Friday against the Cougars.

The Trojans, who are having their best start in years, are favored to beat the Cougars.

## Prep Volleyball Comanches earn a 'dinky' win

Record Now 1-5

By PAULA WISE  
Staff writer

GRANITE CITY — Despite playing two of their better matches of the season, the Granite City high school volleyball team was defeated on consecutive nights this week.

Tuesday, the Warriors were upset by Cahokia 5-15, 15-8, and 15-6. After an easy victory in the first match, the Warriors were unable to solve the Cahokia attack in the final contests.

The Comanches switched from the basic bump, set and spike game to one which included only dinks. While the Warriors would set up their blocks for a Cahokia spike, the attacker would simply dink the ball around the Granite City defense. By the time the Warriors had adjusted to this type of game, the Comanches had taken an insurmountable lead.

"THE GIRLS played a beautiful first game," said Granite City coach Wilma Schulze. "But when Cahokia came out dinking the girls didn't adjust to it."

Schulze named Beth Werth, Alicia Melton and Betsy Barrington as having exceptional games for the Warriors.

"Beth played the best I've ever seen her play tonight in the first game," said Schulze. "Betsy and Alicia also played very well."

When the Warriors finally seemed to solve the Comanche offense, their own offense went sour. The Granite City squad missed five straight serves to continually turn the ball over to the Cahokia attackers.

"IN THE third game the girls got used to the dinking and I think we could have come back if they had not missed so many serves," said the Warrior coach. "In volleyball you can't miss three serves in a row, much less five."

"I thought we would be able to beat Cahokia," said Schulze. "I knew they were a scrappy team, but I thought we would win this one."

On Wednesday it looked as if the Warriors might score an upset of their own as they took on Southwest-

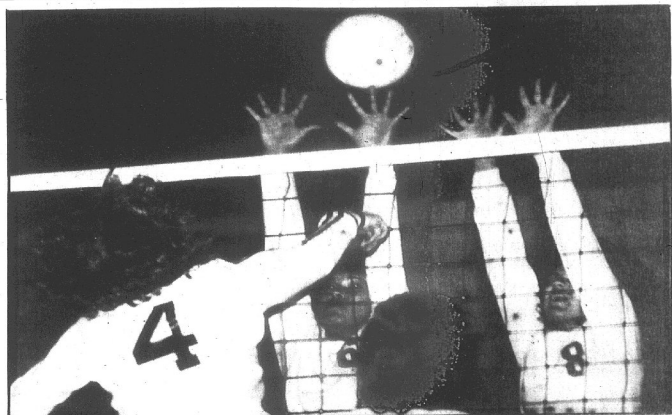

ern Conference rival Belleville West, West, who was Southern Illinois' representative in last year's state tournament, entered the matchup with a 10-1 record.

THE WARRIORS looked flat at the beginning of the match and the Maroons quickly jumped to an 11-4 lead. But, the Granite City girls refused to give up.

Led by the spiking of Barrington and Bridget Watson, the Warriors were able to take the lead 13-12. However, that was all the home town team could manage as they were defeated 15-13.

In the second game, the powerful Maroon offense took charge and blew the Warriors away 15-5. The Granite City team also lost at the junior varsity level 15-12 and 15-10.

The Warriors will try for their second victory of the season tonight when they face conference rival Alton at 6 p.m.

**ATTEMPTED BLOCK.** Two Granite City High School volleyball players (opposite side of net) attempt to block this Comanche shot during Wednesday night's non-conference game in Memorial Gymnasium. Despite their efforts, the Warriors were unable to stop the Cahokia High squad, losing the pairing 5-15, 15-8 15-6. (Staff photo by Paula Wise)

## On The Links Golfers win for 'the coach'

By GARY KING  
Staff writer

GRANITE CITY — As the Granite City High School golf team prepared for Tuesday's showdown at Arlington Golf Course against the Explorers from Alton-Marquette, they found themselves in an unusual dilemma.

For the first time in a long time head coach Russ Chappell was absent from a match. Chappell has been hospitalized for tests of an ulcer and will be out of action for the remainder of the week.

SERVING as the interim-coach during Chappell's absence is Boone Chaney, who joined the team as an assistant coach two weeks ago. The role is one Chaney is familiar with, for he served as head coach of the Granite City South squad prior to the consolidation of the high schools.

As if the Warriors' golfers didn't already have enough on their minds, they were forced to face two very

**Warrior head coach Russ Chappell has been hospitalized for test of an ulcer and will be out of action for the remainder of the week.**

formidable foes. For No. 1 being the tough Explorer squad who gave the Warriors tight competition. The second enemy was the brisk wind which hampered the distance of shots throughout the match.

ALTHOUGH there was a new face at the helm, the Warrior golfers produced a familiar result. The local squad outshot Alton-Marquette by a score of 164-169, and upped their record for the season to 10-1.

Top scorers for the Warrior squad were Bill Gaumer and Mike Sturman with 40's, Eldon Depew with a 41, and Mike Wilkinson with a 43.

While the win was not one of the more convincing victories the War-

riors have posted, Chaney thought it was an important one.

"After our seventh-place finish in the (Granite City High) scramble, I think our win today was very good. These kids really have a lot of potential," said Chaney.

MANY of the players were quick to praise Chaney for easing the tension placed on the team because of Chappell's absence.

"Coach Chaney is very easy going, he helped take a lot of the pressure off us today. He's the kind of coach who calms you down when your not shooting real well," said junior Bill Gaumer.

Chaney, a junior high teacher at Grigsby, said he pleased to be able share in the success of this year's Warrior squad.

"I was really happy when Russ offered me the chance to help these guys, it's really fun to watch the improvement these kids have made in the last three years," said Chaney.

Until Chappell returns next week, Chaney will remain in his old position. This time he doesn't have to do much coaching. He can relax and watch the team continue to do what they did against Marquette, face obstacles and overcome them.

## Stars bomb Lincolnland, 5-1

By JAMES BRASINGAME  
Staff writer

GRANITE CITY — Lincolnland Junior College soccer coach John Grassi uttered one sentence that summed up the entire contest against Granite City Campus.

"We were a little outskilled," Grassi said after his Loggers fell 5-0 to Granite City on Wednesday afternoon.

"We didn't play too well, but it was the ability of this team here... They (the Stars) move the ball real well. They utilized the whole field."

Granite City, controlling the ball for most of both halves, did indeed utilize the whole field, while the Loggers were typically following in hot pursuit.

THE STARS scored twice in the game's opening minutes, but it wasn't poor play from the Loggers' backfield that allowed the goals. According to Grassi, it was the fault of Lincolnland's midfielders.

"The first 10 minutes, our defense was real sloppy," Grassi said. "They (the Stars) outnumbered us through the whole game. They'd get us two on one, or three on one. We didn't have a midfielder. Three of their five goals were shot from over 30 yards out. If we have a midfielder there marking them (Star players), they don't have that open shot."

GRANITE CITY got on the scoreboard at 37:20 when Mike Caples took a pass on the right side from Tony McFarlin and drilled a shot by Logger keeper Jeff Reno.

Two minutes later, the Stars made it 2-0 on John Finnan's rocket from 35 yards out, and made it three-0 on Matt Cassery's blast from 30 yards with 17:44 showing in the half.

In assessing his squad's performance, Stars' coach Larry Petri paused briefly before giving an evaluation.

"Ah... well... we played okay,"

Petri responded. "You know, we were in a situation where we wanted to work on a few things."

"WE SHOWED some improvement, but the competition level isn't Flo Valley or Meramac (junior colleges)," said Petri, generously. "This type of situation gives us an opportunity to see our tactics and plays executed. But we got the job done."

Granite City closed out the scoring in the second half. McFarlin took the ball just inside midfield, dribbled through a weary Logger defense, and flipped the ball into the net at the 55:35 mark.

With 5:23 left Mark Goldstein boomed a shot from 45 yards out that fell through Reno's hands as he reached above his head to grab it.

## SportsBriefs

### YMCA begins swim team practices

The Tri-City Area YMCA swim team has begun practice for the 1985-86 season.

Practices are held on Monday, Wednesday and Friday from 3:30 to 5:30 p.m. Swimmers are learning

the four basic strokes and preparing for the first meet of the season to be held Oct. 13 at Lewis & Clark Community College.

All boys and girls ages 6 to 18 years are eligible to participate and are encouraged to try out for the team.

"We had several swimmers qualify for the state meet last season," according to Kris Tossaint, assistant coach of the team.

"and it looks as if we can do at least as well this year."

"At this point what we need is more swimmers," he said.

David Motzer is the head coach. According to Motzer, the YMCA emphasizes fun and participation by all, rather than winning at all costs.

Any boy or girl interested in participating may try out for the team during a regular practice session. The YMCA is located at 2001 Edison in Granite City.

### YMCA begins fall volleyball, hoop leagues

The Tri-City Area YMCA will begin play in its fall volleyball and basketball leagues the week of Sept. 16. Rules meetings, which all captains are required to attend, will be held one week prior to the start of play.

The Friday women's volleyball league will begin play Sept. 20.

Captains of men's power volleyball teams will meet Tuesday, Sept. 17 at 7 p.m., with play beginning Sept. 24.

The women's power volleyball meeting will be at 7 p.m. on Thursday, Sept. 19, and play will begin Sept. 26.

Cord volleyball leagues will meet Saturday, Sept. 21, at 7 p.m., and play will begin on Sept. 28.

The men's church basketball league will hold its organizational meeting on Monday, Sept. 16 at 7 p.m., with play beginning Sept. 23.

All meetings, as well as play, will be at the YMCA at 2001 Edison in Granite City. Interested players and captains can obtain further information by calling 876-7200.

**THROUGH THE HOLE.** Granite City High School's Ed Goclan, 14, scampers through a hole in the East St. Louis defense during last Saturday's Southwestern Conference football game at Parson's Field. Unfortunately for the Warriors, the holes in the Flyers' line were few as East Side went on to score their first league win of the season 60-0. This Friday, at Memorial Stadium, the Warriors will try a fourth time for their first win of the season as they host Collinsville.

## Outdoors

### Due to declining population, waterfowl season shortened

SPRINGFIELD — A 10-day reduction in season length and more restrictive harvest regulations will be implemented during the 1985 waterfowl season, according to Department of Conservation's Chief Waterfowl Biologist Dennis Thornburg.

Duck season for the northern zone begins Oct. 16 and concludes Nov. 24; the central zone, Oct. 24 through Dec. 2; and the southern zone, Oct. 31 through Dec. 9.

Hunters will be governed by a restructured point system, Thornburg said, with a 100 point maximum for each hunter per day.

One hundred point species are: hen Mallard, Black duck and Canvasback. Seventy point ducks are: Redhead, Woodcock and the Hooded Merganser. Thirty-five point species are: drake Mallard, Pintail, Ring-neck and all other species not listed in other point categories. Twenty point species are: Blue-winged Teal, Green-winged Teal, Cinnamon Teal, Gadwall, Shoveler, Scaup, Wigeon and all Mergansers except the hooded.

"The biggest change from last year is that we've moved the hen mallard from 70 points to 100 points, the drake from 25 to 35 and the Pintail went from 10 points to 35 points," Thornburg said. "The 10-point category was eliminated, and the

season reduced from 50 to 40 days overall."

The Canada goose season begins in the northern zone Oct. 16, and concludes Nov. 4; begins Oct. 24 and concludes Nov. 12 in the central zone; and begins Nov. 26 and concludes Dec. 15 in the southern zone.

The Canada goose season in the four-county southern Illinois quota zone (Alexander, Jackson, Union and Williamson counties) begins Nov. 11 and concludes Dec. 20, unless the harvest ceiling of 17,500 geese is reached before that date.

The bag limit for Canada goose is one bird per day outside for the four county-quota zone, and two birds per day inside the zone, Thornburg said. The giant Canada goose season in the tri-county zone of Fulton, Knox and Henry counties, in central Illinois, will begin Nov. 1 and conclude Nov. 20.

The dividing line between the north and central hunting zones follows Illinois Route 92 east from the Mississippi River to Interstate 290, follows Interstate 290 east to Interstate 80 and continues on 80 to the Indiana border.

The boundary between the central and southern zones follows Illinois Route 155 east from the Mississippi River to Illinois Rt. 159, follows Illi-

nois 159 north to Illinois Rt. 161, follows Illinois Rt. 161 east to Illinois Rt. 4, follows Illinois Rt. 4 to Interstate 70 and follows 70 east to the Indiana border.

Thornburg explained this year's stricter regulations are designed to reduce total harvest by 25 percent to offset the 30 year low in total duck numbers, based on U.S. Fish and Wildlife surveys. The decline is attributed to long-term drought conditions in Canadian and northern United States nesting areas and continued loss of wetland habitat.

"The spring breeding population for most species were 19 percent lower than last year, and 24 percent lower than the average established over the last three decades," Thornburg said.

The number of breeding mallards is estimated at fewer than 5.5 million birds, a record low, according to the U.S. Fish and Wildlife Service. Pintail numbers declined to fewer than three million in a total fall flight estimated at 62 million birds — 22 percent fewer than last year.

The dates and bag limits for waterfowl season are still pending final approval by the U.S. Fish and Wildlife Service, but are expected to be adopted without change, Thornburg said.

### Flyers stop GCHS, 60-0

**SPORTS EDITOR'S NOTE:** Because of a fire which gutted one of our composing rooms, this story appears in this issue rather than a preceding one. We regret that this story is now not as timely as it would have been if it had been run earlier, but such things as fires are beyond editorial control. We apologize for the inconvenience.

By STANFORD SCOTT  
Staff writer

**EAST ST. LOUIS** — Tailback Michael Cox scored on runs of 23, 19 and 58 yards from the line of scrimmage and returned a punt 75 yards for four touchdowns in leading the top-rated Flyers to an easy 60-0 win over Granite City — as East Side opened defense of its Southwestern Conference title Saturday at Parson's Field.

Cox did all of his damage in the first half as Coach Bob Shannon pulled his first and second stringers after the Flyers took a 53-0 lead into the lockerroom at half-time.

**SPLIT END** Lawrence Moore also got into the scoring derby before Shannon called off the troops. Moore scored on a 21-yard pass from quarterback Kerwin Price and added an 83-yard punt return. A 60-yard pass from Price to Moore set up the Flyers' first touchdown.

Darrin McDaniel and Chris Kerby also added touchdowns in the first

half. In the second half down to close out the scoring.

The Flyers scored all eight times they had the ball in the first half. East Side won the toss of the coin and elected to receive. Price opened up with a 6-yard pass to Antonio King and a 60-yarder to Moore before Cox scored his first touchdown. The drive: 80-yards, 3-plays, one minute and 16 seconds!

**GRANITE CITY** had the ball for one play before Alvin Johnson made a diving interception for the Flyers. Two plays and 28 seconds later the Flyers had scored again. Price found Moore open and watched as he decked two defenders and ran unopposed for a touchdown.

Granite City had the ball for three plays on their second possession and then punted. Their mistake was punting to Cox. He caught the ball on the right sideline and raced left to a wall of blockers. Once there, he coasted 75 yards for a touchdown.

**THE WARRIORS** got a first down on their third possession, but Johnson

made another interception and good return down to the 25-score behind some excellent blocking.

Granite City had the ball for three plays before Cox carried for 10 yards and then 58 yards for his fourth touchdown. And also once again, Cox had clear sailing behind the Flyers' devastating blocking. The score after one quarter was 32-0.

After another three play series for Granite City, Moore took a punt on the 17-yard line and zigzagged 13 yards for the score. McDaniel scored the Flyers' seventh touchdown from 16 yards and Kerby added a 1-yarder for the eighth score in the half.

Shannon cleared the bench in the third and fourth quarters and McDaniel bulled over from two yards for the final score.

The Flyers' defense was superb as Anthony Buckner, Greg Lockhart and company played almost flawless in the first half. In the second half, the third and fourth stringers were only super.

## Registration extended for careerists' resume

Resumes and other informational data to be submitted by candidates for "outstanding young career woman" are being compiled. The candidates will be granted additional time to fulfill the requirements, according to Donna Jones, chairman of the project.

Mrs. Jones emphasized that those in the competition do not have to be a member of the Business and Professional Women's Club. Gateway BPW is sponsoring the contest.

Candidates between the ages of 21 and 30 are being sought. They must have been employed full-time for at least one year in their career area

and be active in community service or church work. Contestants will be asked to write a 200-word typed autobiography and submit a 5x7-inch glossy black and white photograph before Oct. 15, the new deadline for entries.

Each will present a three-minute talk on "Focus: High-Tech Future for Working Women" at a meeting of the club and will be interviewed by a judging panel. The winner will advance to District 14 competition.

Those interested in obtaining an application or information may contact Jones at 451-7773 after 6 p.m.

## Nature trail needs repairs

Repair of the Madison County Nature Trail, which has suffered a bridge collapse and is now a safety hazard, was the topic of discussion of the Thorngate Garden Club.

The problem is of great concern to the Madison County Nature Trail Volunteers, who have worked to make the trail usable in the past, Betty King told the group.

She noted the six-mile-long trail was used by joggers and bicycle enthusiasts.

Originally a railroad right-of-way, the trail cuts through flatlands from Pontoon Beach to the bluffs and then winds through hills and woods into the south area of Edwardsville near the Montclair Shopping Center. A section of a bridge has fallen at a ravine that drops 40 to 50 feet. Wooden railings along the side are rotting and loose, she said.

Signs saying the trail is closed due to hazards are placed at both ends of the bridge, but vandals continue to destroy the signs and people may walk there not realizing the danger, the speaker added.

Members met in the home of Wanda Fitzsimmons, Lake St. Louis, formerly of Granite City.

Joyce Bettorf presided and announced the club's yard sale today at 2254 Edison Ave. Each member is to bring a sack lunch.

Enid Bolin was presented a cake as all sang the birthday song. The hostess served refreshments and presented each member with a strand of beads in assorted colors.

Mrs. Beula Miller will host the October meeting, where Lillian Delps and Mrs. King will announce plans for the annual Christmas party.

Others present were Mrs. Delps, Wanda Herman, June Markham, Beula Miller, Helen Polley, Pat Polley, Clara Schilling, June Lux and guests, Betty Scrum, Alberta McFarland, Irma Schilling, Blanche Ravelle and Kathy Murphy.

**LIONESS OF YEAR.** Charlotte Minks, right, is selected for the honor in recognition of outstanding service to the Pontoon Beach Lioness Club. Carolyn Blind, left, the daughter of Mrs. Minks, attended the social meeting at which the award was announced.

## Prather Parents begin year

Prather Elementary PTA discussed fund projects as it began the 1985-86 year. Jim Barnes, president, introduced Cathy Dineff, vice president, and Jolene Terrell, recording secretary, Susan Holik, corresponding secretary and Judy Russell, treasurer.

Nancy Marti, principal, introduced the teachers to all present. Students and parents discussed a skating party, and it was announced that candy sale folders are to be returned by Sept. 23.

The candy project enables the children to have a field trip at the end of the year, pays for some class parties, and finances Reading Is Fun (RIF) books for Christmas and several other projects.

An Area PTA Council potluck dinner is scheduled for Sept. 26 at Prohardt. Prather was asked to bring desserts. On Sept. 25 there will

be a RIF book sale at the school.

All parents were asked to save Campbell Soup labels. Playground equipment is to be purchased.

Principal Marti showed members a framed picture containing all the class pictures from last year.

A River Bluffs Girl Scout Council representative discussed the values of scouting and said more leaders and helpers are needed.

Laura Paltter, second grade teacher, won a prize and will use the money for her class. Each child who had an adult attend the meeting will receive a free RIF book.

The next PTA meeting will be at 7 p.m. Oct. 7 in the cafeteria. Coffee and punch will be served.

## Auxiliary members attend convention

The Eagles Auxiliary state conference held in Aurora this month was attended by three Granite City Auxiliary 1126 members, Angie Buehler, state trustee, and Florence Hagauer and Vincine Zerlin.

A state trustee meeting was scheduled to plan the state convention, which will be held June 12-15, 1986, in Chicago.

Honored guests attending the conference were Chloé Hunnicott, grand past president from Indiana, Cheryl Johnson, state membership chairman, Wisconsin, and Ginger Blessinger, state president, Wisconsin.

Marietta Wienand of Quincy was appointed as new state educational fund trustee.

A banquet and dance, prayer breakfast and final session concluded the conference.

## Second child arrives for former residents

Former Granite City residents Mr. and Mrs. Thomas (Jeanne Kay) Rutkovich, now of Ragnell Dam, Lake of the Ozarks, Mo., are announcing the birth of their second child Sept. 12.

The infant was born at St. Elizabeth Medical Center and has been named Thomas Jacob. He weighed 8 pounds, 5 ounces. He has a 4-year old brother, David Raymond.

Grandparents are Helen and Dave Powderly and Katherine and Walter Rutkovich, all of Granite City.

## Social Notes

By DONNA KIMBRO

**MIKE PHILLIPS**, representing Granite City Eagles Aerie 1126 received the first-place certificate at the Uplight Bartenders awards dinner held recently in St. Louis. The award was for the division winners of private clubs for money raised to help fight multiple sclerosis.

Phillips said Craig Stephens, Richard Wilbur, Bill Haddix and Tony Modrusic assisted with a pool tournament, car bash and sale of tickets for the ugliest bartender's thermos, donated by Dan Diedorf.

He praised the Eagles Grand Aerie in Milwaukee for permitting the local Eagles Home to donate an additional \$3,000 from its treasury for the fund-raising project.

**NEW MEMBERS** of Parents Without Partners, Eastside Chapter 91, were introduced at the Sept. 17 meeting conducted in the Chamber of Commerce building in Collinsville.

President Evelyn Stephens presented the newest members, Glenda Schmidt from California and Pat Davidson, Pearl Wright, Pam Tomlinson and Edna Holst.

Stephens said the general meeting is held on the third Tuesday of each month and is open to the public and prospective members.

An adult activity on Sept. 22 will be a Stassenfest party for those who donated six hours at a lemonade stand sponsored by the chapter.

Family members are invited to pick apples at Eckert's orchard near Belleville on Sept. 29 and are to contact the president for reservations.

**HUMANITIES COUNCIL** of Illinois has announced a special program emphasis on the "Immigrant Experience in Illinois."

A request is being issued for proposals describing projects that can illuminate immigrants' experiences, including foreign-born arrivals in the U.S., American migrants and refugees.

The council will review the proposals at its May 1986 meeting. The proposal deadline is March 15, with a draft due by Feb. 1 at the Illinois Humanities Council, 618 Michigan Ave., Chicago 60605.

**PAM BIERBAUM** will speak on St. Elizabeth Medical Center's new Wellness Program at a general

membership meeting at 1 p.m. Sept. 22.

The session will be held in the Wiesman room of SIEMC and will include election of officers for 1986.

Reservations are due today by calling the hospital gift shop at 798-3261.

**FOURTH SATURDAY** luncheons of the Granite City Republican Women's Club will resume at 11:30 a.m. Sept. 28 at Burns' Cafeteria.

Mrs. Vernice Walter, club president, said any member who invites three guests will receive a free luncheon.

The main discussion will be on the Nov. 3 election and information concerning candidates for the 1986 primary in March, she added.

**MAYOR VON DEE CRUISE** met with a recently-appointed senior advisory board to discuss various types of programs for the betterment of seniors in the community.

Board members Ed Lurton, Emylee Alford, Avery Schermer, Nan Henderson, John Pekarik, Juanita Crawford, William Burcky and Sandy Smith will provide a questionnaire to all senior groups. Individuals wishing to express ideas are to complete the forms and return them to the board.

Questions include how to aid the majority of older persons, what programs the seniors want and how to obtain this information, Mrs. Alford said.

**MAGICIAN** John Gavin performed for members of the Five Star Club at a monthly meeting. Those assisting were members Florence Austin, Geneva Brooks, Marie Stanek, Andy Simurda, Marie Verbrück and Helen Martin.

Those receiving club zipper bags in honor of birthdays included Elizabeth McCoy, Mildred Moss, Josephine Yurko, Geraldine Waggoner and Bernadine Cooley.

Emylee Alford, club coordinator, announced 57 members are going on a Hawaiian tour. Those interested in a tour to Nashville's Grand Ole Opry for three days and two nights starting Oct. 25, at a cost of \$179, are to call her at 876-1212. Another offering is a seven-day Caribbean cruise departing Jan. 18, at \$240 per person.

Refreshments were served to 70 members.

**Laureate Alpha Gamma** resumes meetings

President Ruth Stoyanoff conducted the first active meeting of the fall season of Laureate Alpha Gamma at the home of Dolores Byrnes of Troy last week. She announced that the chapter had attained a three-star rating for the year of 1984-85 and has received a placard.

Juanita Calve reported on the executive board meeting Aug. 25 at the Stoyanoff residence. As extension officer, Lora Mae Lombardi will have discussions on scholarship, legacy and envoy programs conducted by Arlene Haldeman.

Norma Rains, "Lampighter," gave a resume of summer activities of the new chapter from the Collinsville, Hartford and Edwardsville area.

Eight charter members will work with four additional pledges. Several members of Laureate Alpha Gamma will assist Mrs. Rains in a ritual to be held this month.

Following the theme of the year, "Seek Renaissance," Arlene Haldeman and Evelyn Tolliver

presented a program on French painters of the Middle Ages. Mrs. Haldeman commented on the forming of guilds for artists, artisans and their apprentices. Examples of painting and works were displayed.

Mrs. Stoyanoff gave histories of the lives and works of Henri Bouchet, Jean Fouquet and Francois Clouet. Pictures of their paintings, portraits and illustrations were displayed.

Also present were Bea Brackett, Delores Dorch, Pat Tsigaloroff, Martha Dyer and Imogene Forrest.

On Sunday, Sept. 22, at 1:30 p.m., members will meet at the Stoyanoff home prior to spending the afternoon and evening at the renovated Union Station. The next meeting will be held at the home of Jane Stevens on Sept. 25.

Mr. and Mrs. Michael Niemeyer

## Niemeyer-Votoupal

Mary Ann Votoupal and Michael Robert Niemeyer were married Aug. 31 at St. Elizabeth Catholic Church by the Rev. Henry Schmidt. The bride is the daughter of Richard and Dorothy Votoupal of Granite City and the groom is the son of Robert and Sonya Niemeyer of Granite City. The maid of honor was Kathleen Votoupal, a sister of the bride. The bridesmaids were Amy Votoupal, a sister of the bride, Denise Niemeyer, a sister of the groom, and Laura Bright. The best man was Dan Goderis of East Moline, Ill. The groomsmen were Timothy Rozyski, Jay Gorrell and Richard Husa. The flower girl was Erin Heth, a

niece of the groom, and the ringbearer was Robert Trower, cousin and godchild of the bride. Ushers were Christopher Votoupal, a brother of the bride, David Heth and Kenneth Dalton, brothers-in-law of the groom, and Michael Reed, a cousin of the bride. A reception was held at the Knights of Columbus Hall in Granite City. After a wedding trip to Niagara Falls, Canada, they are residing in Granite City. The bride graduated from Loyola University in Chicago as a registered nurse. The groom is a graduate of the University of Illinois and is employed by McDonnell Douglas Aircraft as an associate engineer.

Dr. and Mrs. Gary Loy  
Loy-Wiley

An out-of-town wedding of interest here was that of Dorion Wiley, daughter of Mr. and Mrs. Joseph Wiley of Chicago, and Dr. Gary Loy, son of Mr. and Mrs. James Loy, 3212 Harvard Place, Aug. 31 at St. Thomas Catholic Church in Chicago. The bride graduated from the University of Chicago. Dr. Loy graduated from Granite City High School in 1973 and then

from the University of Illinois and the University of Chicago Medical School. After a four-year, obstetrics-gynecology residency at the University of Chicago, he received a research fellowship and will be located at the University of Colorado Medical Research Center. The newlywed couple will reside in Denver.

Mr. and Mrs. Howard Johnson

## Johnson-Hinckley

Janice Lynn Hinckley and Howard Edward Johnson were married Aug. 17 at Niedringhaus United Methodist Church by the Rev. Joseph Hall. The bride is the daughter of Mrs. Katherine Hinckley of Granite City and the groom is the son of Mrs. Louise Johnson of St. Louis. The matron of honor was Kathy Gregus, a sister of the bride. The bridesmaids were Laura Johnson, a daughter of the groom, and Judy Reidelberger. The best man was David Snoke of St. Charles. The groomsmen were Howard Johnson, a son of the groom, and Milford Hinckley, a brother of the bride.

Ushers were Paul Iborg and Chuck Arnold, both of St. Louis. A reception was held at the Hilton Inn in Collinsville. After a wedding trip to Tan-Tar-A, the couple moved to St. Louis. The bride is a graduate of Southern Illinois University at Edwardsville and has bachelor and master degrees in education. She is employed by Granite City School District 9 as a reading specialist.

The groom is a graduate of Washington University and has bachelor, master and doctoral degrees. He is vice president of planning of Emerson Electric Co., St. Louis.

## Tulip bulb orders being accepted now

Tulip bulb orders are being accepted by the Women's Division of the Tri-Cities Area Chamber of Commerce, with delivery to be made before the fall planting date.

The group is selling Holland's Glory, a red Hybrid Darwin tulip, Golden Apeldoorn, a yellow Hybrid Darwin tulip, and Mariette, a deep satin rose color Lily Flowering tulip. Bulbs will be packaged with 10 of one color to a package at a cost of \$2.50. Orders will be processed and available to be picked up on Oct. 5 at the Chamber of Commerce office, 1831 Delmar Ave., from 9 a.m. until noon, according to Mrs. Jacque DeWitt, president of the Women's Division.

Proceeds from the project will be used to further the beautification of the Quad-City area, under the direction of the Beautification Committee

headed by Mary Jessee. Committee members will also sell the bulbs at a booth during the Downtown Neighborhood Restoration Society's annual house tour and fair on Sunday, Sept. 29. Booths will be set up in the fellowship hall of the First Presbyterian Church, 22nd Street and Delmar Avenue. To order in advance, those interested are to call the Chamber office at 876-6400 during working hours, the president said.

## Parkview PTA hears Dr. Max Redmond

Dr. Max Redmond, Granite City superintendent of schools, addressed the Parkview School PTA unit at its initial meeting and open house observation last week. He spoke on the importance of education and parents' participation with their child. President Cheryl Smick opened the session and introduced Richard Brinkhoff, curriculum director, and the newly elected PTA officers. Principal Agnes Fryntzko welcomed parents and guests and then presented the teaching staff. Later, the parents were invited to visit the teachers in individual classrooms and were served refreshments in the cafeteria.

Acts 1:8... "You shall receive power, after that the Holy Ghost is come unto you..."

What a positive statement from God's Word! You shall receive power. And it shall come from the Holy Ghost. Take some sound advice please: Be not afraid of the Holy Ghost. God gave His Spirit so we could have power and so that we can be witnesses for Him.

Since the Holy Ghost is God's way of empowering us for service, shouldn't we receive it without fear? God wants to help you, not harm you. Jesus came that we might have life and have it more abundantly. And He said, "I am going away, but I will send you another Comforter, even the Holy Ghost, and He will abide with you forever!"

What God has promised has been given. Why not ask Him for the Spirit Baptism He wants you to have? He will give it to you. Today.

# Church Activities

## Construction Ministries performing labor of love at 1st Baptist Church

By VALERIE EVENDEN  
Staff writer

A labor of love would describe what is happening at the First Baptist Church in Granite City. One of the area's oldest churches, organized on Aug. 6, 1901, it is getting a facelift with the help of a special group of people.

**SKILLED VOLUNTEER** workmen from other Baptist congregations around the state—whose mission is to assist churches needing help—recently gathered at the local church for varying periods of time to repair, paint, tuckpoint and restore. Most of the work involves restoration projects too extensive for First Baptist members to accomplish themselves.

The church's active membership roll, consisting of 75 people, is primarily populated by older persons.

**THE CONGREGATION** includes few skilled tradesmen or younger members capable of doing such physical tasks, Paul Ber, chairman of the First Baptist Building and Grounds Committee, explained. Coming to their aid were volunteers from a new Illinois Baptist State Association organization—Baptist Men's Construction Ministries.

Richard Staton of Carlinville, area coordinator for the Construction Ministries, organized the group of Christian laymen and ministers skilled in carpentry, electrical work and painting.

**PARTICIPATION** in the ministries' projects is not restricted to journeymen from the construction trades, however.

Farmers, engineers and railroad workers gladly bring their expertise and considerable experience to expedite various tasks.

A retired FBI agent and several housewives were among the group which first arrived in Granite City Aug. 17.

Several among the volunteer work force stayed in town until Aug. 24 and others returned Saturday, Sept. 7, to complete some projects.

**TOGETHER** with First Baptist Church members, the group scraped and painted woodwork inside and outside the 61-year-old building. Much of the exterior work ac-

complished was some distance from the ground, requiring use of extension ladders and a good sense of balance.

There are 90 windows in the church building, including many created of stained glass, and the sanctuary is graced by a large, high dome.

**SOME JOBS** remain unfinished, but Baker said this week, "We are going to stay with it until we get it done. We will get it finished one way or another."

Among the construction ministries' volunteers were several workers from Hopwell Baptist Church, Pana, which was the first church to be rejuvenated, in July, under the new statewide program.

Others came here from Emmanuel Baptist and Charity Baptist churches, both in the Carlinville area, and some from Baptist churches in the Quad-City area, Baker said.

**THE LADIES** of First Baptist Church served hot meals at noon and again in the evening to the workers. On some days, as many as 18 volunteers reported for work.

At one point in its history, Granite City's First Baptist Church was the largest Baptist church in Illinois and had a membership to match.

It is still a large building, but its congregation has dwindled in recent years. About 80 percent of the current members are retired or semi-retired, Baker said.

**MANY FORMER** members have moved from the downtown district into outlying areas, subsequently transferring their membership to churches in their immediate neighborhood, while others have left the community to reside elsewhere, he noted.

"It's been about 12 years since the church has had a general facelift," Baker said.

From humble beginnings, First Baptist grew swiftly in its early years. The first worship service was held in an old school building on the present site of Emerson School at 21st and Benton streets.

**TWENTY-TWO** letters were used to organize the church on Aug. 6, 1901, when the First Baptist Church

**VOLUNTEER WORKERS** peel layers of deteriorating paint from around the leaded glass windows on the 21st Street side of First Baptist Church. The 61-year-old building has 90 windows, many difficult to reach and in need of refooting. The Baptist

of Granite City was officially named.

The Niedringhaus Trustees gave the church a building lot on the north corner of D and 21st streets in April 1902. The sparse congregation learned the State Baptist Board would advance a loan of \$1,000 if the church raised a total of \$3,000.

The total collection for the year of 1902 was \$75.42. Expenditures were \$67.20, leaving a balance in the treasury of \$8.22.

**A TENT** WAS ERECTED on the present site of the church and a baptistry was dug in the middle of the tent and used to baptize new converts.

A rock building was erected and, in 1903, the members moved to the

new church just in time for the devastating flood in June.

The cornerstone was laid later the same year and the church building was dedicated June 12, 1904. The rock church was pulled down in February 1921 and the cornerstone of the present church was laid May 14, 1921.

**A PARSONAGE** was purchased on Iowa Street in 1924 and the property which now serves as the educational building was added in 1958.

First Baptist has a history of helping others.

In November 1951, the members voted to start a mission in the Nameoki area and met with residents in Nameoki School.

The group voted in September 1952

to construct a building and the Nameoki Mission was organized on Nov. 25, 1954, into Emmanuel Baptist Church, which now has an imposing edifice at 1800 Pontoon Road.

**IN JULY 1951**, First Baptist voted to sponsor a vacation Bible school in Roxana. A mission was started there in October of that year and the first 14 members were accepted into the fellowship of the church.

First Baptist agreed to sign for a loan to the Roxana Mission to build a church in July 1952 and the First Southern Baptist Church of Roxana was organized Sept. 27, 1953.

The local church also sponsored the Lincoln Place Mission in 1968 and a day care center was started.

**THE DAY CARE CENTER** was moved in 1970 to the church educational building and the Lincoln Place Mission was discontinued.

The years have taken their toll on First Baptist Church, but its members have remained stout-hearted and their influence has affected many others in this and other communities.

A happy occasion will shortly take place — "mortgage-burning day" ceremonies are being planned for Sunday, Oct. 6.

On that day, the indebtedness incurred for the educational building will be a thing of the past, joining First Baptist's historical records for future generations to review.

### Preceptor unit opens new year

Preceptor Beta Gamma Chapter of Beta Sigma Phi Sorority met at Roustio's Restaurant, Collinsville, for a "beginning day" meeting for the forthcoming sorority year.

President Marilyn Lumpkins presented the retiring president, Linda Koening, with the theme scrapbook for last year. B.J. Jones, program committee member, presented the members with program outlines and suggestions. Yearbook chairman Linda Koening distributed yearbooks and Barbara Hente, social chairman, announced the first regular meeting will be held in the home of Betty Beck, followed by an appetizer party.

### Cub scouts receive special awards

Webelos Scout Christopher Hocking of Cub Pack One, Venice, received the Arrow of Light award at a monthly pack meeting. Cubmaster Gregory Katana made the presentation, the highest award in cub scouting.

Hocking will be received into Boy Scout Troop One by Scoutmaster Scott Barrios at the September meeting.

The scout, the son of Mrs. Donna Hocking of Venice, is a sixth grade student in the Venice Elementary School.

After several weeks of counseling with a minister of their church, three cub scouts from Pack One received

the God and Family religious medal and knot from Mrs. Pat Foote, cub scout commissioner.

Honorees were Christopher Hocking, Albert Brown and Benjamin Cullum.

This is the only cub award that a scout can wear on his uniform through Boy Scouting, Mrs. Foote said.

### Victory Pentecostal weekend revival

A youth oriented weekend revival will be conducted at Victory Pentecostal Church, 2601 Cayuga Ave., beginning Friday and continuing through Sunday.

The Rev. Eddie Brownlee, host minister, said the services on Friday and Saturday will be at 7 p.m. and on Sunday at 6 p.m.

## Rev. 'Chris' Zachary to retire on Oct. 6

The Rev. Dr. Charlotte "Chris" Zachary, pastor of the First Presbyterian Church in Madison, has announced her retirement effective Oct. 6.

She is a charter member and past president of Hospice of Madison County. At present, she is the chaplain and a member of its board of directors.

Rev. Zachary assumed the religious leadership of the Madison church in 1976 and observed her 25th year in the ministry on Nov. 25, 1981. She completed a doctorate degree at Eden Seminary in St. Louis recently.

She is an active member of the Granite City Business and Professional Women's Club.

Her last Sunday in the pulpit will be World Communion Sunday Oct. 6. A reception is planned for her following the worship service.

The minister and her husband, Jess, will move back to Crawfordville, Ind., where they have relatives and friends.

During her stay in Madison, Rev. Zachary assisted the planning committee for the 90th anniversary celebration of the church in December 1981.

## Presbyterian retreat scheduled Sept. 27

"Leading Your Church to Growth" is the theme of the fall retreat for the members and the Board of Deacons of the Nameoki Presbyterian Church.

The event is sponsored by the Giddings-Lovejoy Presbytery. It will be held on Friday and Saturday, Sept. 27 and 28, in the John Calvin Presbyterian Church of Bridgeton. Mariou and Leonard Lybarger will host the monthly potluck supper meeting of the Windjammer Mariners this Saturday, Sept. 21, at 6:30 p.m.

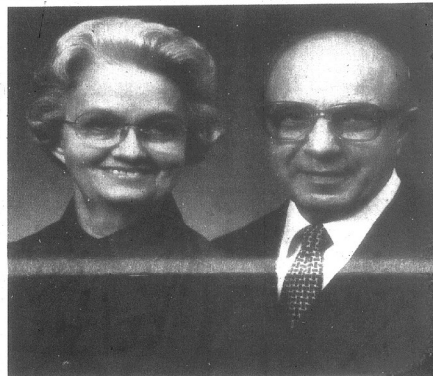

"When Faith Falters" will be this Sunday's message by Pastor Don Pierson and Christian Education Sunday will be celebrated on Sept. 23, with teacher recognition and an open house for the Sunday church school. The event is being coordinated by Judy Hankins and Kiki Supp. The church school commences at 9 a.m. each Sunday and the morning worship service starts at 10:15. An Oktoberfest potato pancake and bratwurst supper will be sponsored by the Board of Deacons Saturday, Oct. 12, from 4 to 7 p.m. It is open to the community at a cost for adults of \$3. The proceeds will go to the Christmas basket ministry of the deacons.

### Free Methodist hosts area leader election

Ministers and wives of the Free Methodist Church representing 12 cities in the St. Louis area met at Central Free Methodist Church, 4150 South and Lake streets, Pontoon Beach, last week.

The Rev. J. Robert Kirkham, pastor of the local church, was elected area leader for the forthcoming year and the Rev. Mark E. Scandrett, senior pastor of the Alton Free Methodist Church, was named secretary for the area.

AAA Maintenance—  
CARPET CLEANING  
Call 876-2228

Mr. and Mrs. Tammer Saliba

### Dewey Avenue to hear evangelists

A week of evangelistic services will begin at the Dewey Avenue United Methodist Church, W. 22nd Street and Dewey Avenue, Sunday, Sept. 22, continuing through Sunday, Sept. 29.

Sunday school will start at 9:30 a.m. Sept. 22, worship at 10:50 a.m. and evening services at 7:30. The pastor, the Rev. Vernon Brown, will be the evangelist, with Mr. and Mrs. Tammer Saliba of Herrin, Ill., as musicians and singers.

Rev. Brown and the congregation are inviting the public to attend all services.

### Sisterhood begins autumn meetings

The Sisterhood of Dewey Avenue United Methodist Church opened its fall season of meetings with a noon luncheon at the home of Mrs. Opal Davis.

Table prayer was offered by Evelyn Thompson, who later conducted a business meeting.

Final plans for the Sisterhood reunion Oct. 11 at 11:30 a.m. were discussed. An anniversary banquet will be held Nov. 15 at 6:30 p.m.

A holiday party for all members is being arranged for Dec. 13 at Ravanelli's Restaurant, the president said.

## THE LAW AND YOU

BY RICK REED  
Attorney At Law

What happens when there is a dispute between a debtor and a creditor as to how much is due on an account? Sometimes debtors wonder whether they can write a check marked "payment in full" and have that satisfy the debt if it is cashed by the creditor.

In one case, an employment agency agreed to conduct a search to find an auditor for a business. The employment agency presented several candidates to the business but none of them was satisfactory. The agency claimed that it fully performed its obligations under the agreement and submitted a bill in the amount of \$9,000 plus expenses.

The business, in response to the final bill from the agency, submitted a check in the amount of \$6,060.45 with a letter explaining why partial payment had been made. The letter which accompanied the check indicated that the company considered this a fair fee. In addition, the company seeking the auditor noted on the back of the check itself that this check was "in full payment of any claims." The employment agency, before it cashed the check, placed on the back of the check the words "negotiation does not release claim."

Under this set of circumstances, should the partial payment constitute payment in full of the bill? The Court in this case decided that the bill should be considered paid in full. The Court noted that where there is a bona fide dispute as to an amount due, it makes no difference if the creditor states that he does not accept the amount offered in full satisfaction. The creditor in this situation must either accept what is offered as payment in full or he must refuse the check.

In light of this recent decision, several things should be considered by the debtor if he wishes to offer partial payment in a given case. First of all, there must be a legitimate dispute between the parties regarding the amount owed. Secondly, it would probably be best for the debtor to send a letter with his check explaining that he feels there is a dispute and outlining the nature of the dispute. It would be further noted in the letter that he is offering the enclosed check as payment in full for service rendered. Finally, it should be noted on the back of the check that negotiation of the check constitutes payment in full for any and all claims.

## ATTENTION HOME BUYERS (AND REALTORS)

STATE LOAN AND SAVINGS ASSOCIATION would like to help with financing for the purchase of your single-family, owner-occupied home.

We have designed our loan programs in an effort to help you find an affordable home loan with a convenient and conscientious loan service in the Tri-City Area.

Affordable FIXED RATE/FIXED TERM loans and ADJUSTABLE MORTGAGE LOANS (AMLS) are available to qualified applicants.

If you are interested in an AML, we are convinced that our choice of index is the most stable current index available. We do not want to inflict "payment shock" upon you. Borrowers who sign an Adjustable Rate Note will be additionally protected by:

- (1) a lower initial interest rate, and
- (2) annual and lifetime rate change limits.

Our loan department is staffed with experienced people who are ready to provide you with the personal, fair and professional service you deserve. We have no intention of packaging and selling your loan to some other investor. We will be there to service your loan throughout the life of the loan.

You owe your peace of mind, as well as your pocketbook, a telephone call to our office. Our phone number is 876-7450.

## Local resident named educational specialist at GCC

Jenna Johannpeter of Granite City has just been named as an educational specialist for Granite City Campus of Belleville Area College.

As an educational specialist, she does academic advising for GCC's allied health and university transfer programs and serves as a contact with the business community for the campus.

Before becoming educational specialist, Johannpeter was a part-time GCC business instructor for a year.

She received a bachelor's degree from Southern Illinois University at Edwardsville in psychology, with a minor in business in 1979.

After receiving her degree, she was assistant manager for Farmer's Market of Belleville, a produce retailer, for two years.

She then worked as a volunteer library manager for Frohardt

Elementary School from 1980 to 1981.

Before teaching at GCC, she completed a master's degree in business administration from SIUE.

"I can use my psychology training for advising students," she said. "I can use my business training for teaching classes on campus and making business contacts."

"This job brought all that together, it's a perfect match."

"I like the personal contact with students," she added. "It's a gratifying experience to be able to help people."

She also likes the contact she has with community businesses, she said.

"It is my job to make businesses

aware of the training we are offering and what we are offering in the future," she said. "That will help make them aware that our graduates are well trained and capable of assuming responsibilities."

"I also go to businesses to determine their needs. I try to keep in touch with what's going on in the future," she said. "That will help make them aware that our graduates are well trained and capable of assuming responsibilities."

"I have worked with Jim Watt, president of Mid American Banks, to determine what training our business majors need," she said. "Through this contact, I have learned that business students need to take marketing and sales courses. So, we need to encourage our students to take those classes."

In addition to advising students, she also teaches four business classes every semester.

"I try to prepare students for the real world," she explained. "I try to show them what it will be like when they actually get into business."

"I try to bring in things from periodicals and newspapers about business. They can get a grasp of what's going on better that way than just studying textbooks."

Johannpeter said she enjoys working at GCC.

"It is exciting to be part of such a tremendous, positive influence in the community," she said. "And it will get even better."

She will be one of 12 speakers at a Women In Action conference Saturday, Nov. 2, at Granite City Campus. She will speak on "Getting the Job Done."

## Scholarships available for construction students

Applications for scholarships to high school seniors, college freshmen, sophomores and juniors, enrolled or planning to enroll in four-year construction or civil engineering degree programs, may now be obtained at the offices of the Southern Illinois Builders Association, P.O. Box 739, 7623 West Main Street, Belleville.

Winners of the scholarship competition, sponsored by the Associated General Contractors of America, Education and Research Foundation, may be eligible for grants up to \$6,000 over a four-year period of undergraduate study. SIBA is a chapter of the AGC, a national contractors group.

College seniors or others planning to enroll in full-time master's level construction program in the Fall of 1986 may compete for the Saul Horowitz Jr. Memorial Graduate Award. The recipient will be eligible for \$5,000 in assistance for the duration of study.

The Saul Horowitz Jr. Memorial Graduate Award is a fully endowed award while the undergraduate program is made available through the contributions from members of the Consulting Contractors of America, a group of recognized construction industry leaders.

Special awards are also offered under the Undergraduate Scholarship Program, including the Robert B. McEachern/General Const. Co. Scholarship, the Stanley F. Pepper Memorial Scholarship and the G.E. Byrne Memorial Scholarship.

The deadline for receipt of com-

pleted applications, along with the accompanying three adult recommendations (as outlined in the application) is Nov. 15.

Applicants are selected on the basis of demonstrated interest in a construction industry career, academic performance, extracurricular activities, employment experience and financial need. Each finalist is interviewed by an AGC contractor in his or her area and recipients are announced at the annual AGC Convention in March.

The AGC Education and Research Foundation is a non-profit organization dedicated to upgrading the science of construction. Programs include industry research and construction education activities from junior high school through the university level and continuing education programs for members of the construction industry. The Foundation was established in 1968 by the late William A. Klinger, a general contractor from St. Louis, Mo., and a past president of the AGC.

The scholarship program originated in 1970, and has committed more than \$1 million to 412 students who have been or are currently enrolled at 104 colleges or universities throughout the country. The Foundation has also provided more than \$750,000 for research and educational programs in benefit to the construction industry.

For applications for either the undergraduate awards or the Saul Horowitz Jr. Memorial award, students may call the SIBA office at 1-397-1400.

## New art building to head priority list for SIUE budget

Planning funds for a permanent facility for the department of art and design on the campus of Southern Illinois University at Edwardsville will be the capital budget priority list for the SIUE System for Fiscal Year 1987, approved last week by the SIUE Board of Trustees.

The university is seeking \$294,100 to plan the new building, estimated to cost \$5.9 million when completed and equipped. It would eliminate the need for studios and offices at the aging Wagner Complex in Edwardsville, where a section of a building was removed this year because of structural failure.

The SIUE Board approved preliminary capital budget listings by each university in July and has

now approved a system priority listing for submission to the Illinois Board of Higher Education as part of the Resource Allocation and Management Program.

The requests for the SIUE System total \$23.5 million, in addition to Build Illinois projects totaling nearly \$4 million and two economic development projects — a \$6-million Small Business Incubator Building at SIUE at Carbondale and a \$1.5-million University Park at SIUE.

The next five places on the System priority list were awarded to SIUE projects: Pulliam Hall remodeling, \$1.4 million; property acquisition, \$2.3 million; Communications Building remodeling, \$1.3 million; laboratory

development, Medical Instructional Facility in Springfield, \$600,000; and construction or purchase, Art Instructional Facility, \$300,000.

The seventh priority was assigned to \$696,800 for five energy conservation projects in four Edwardsville campus buildings. Three other projects, all SIUE requests, complete the priority list: Personnel Building, \$1.5 million; Wheeler Hall renovations, planning, \$125,000; and Biological Sciences Building, \$15 million.

The Build Illinois projects consist of a variety of minor remodeling and rehabilitation projects and are not listed in priority order because funding for SIUE projects is \$2.2 million for SIUE, was appropriated

in lump sums for FY-86. SIUE is seeking additional projects totaling nearly \$1 million.

The proposed Small Business Incubator Building at SIUE would be a new structure of approximately 25,000 net square feet, where new small businesses can rent space for product development and assembly and for offices and other supporting services.

Funds for the proposed University Park at SIUE would be used for roads, utilities and site preparation on 200 acres on the east side of the campus, adjacent to Highway 157. It is expected that users would construct their own buildings, following university guidelines. Buildings eventually would revert to the university.

## SIUE welcomes students with events

Students at Southern Illinois University at Edwardsville will be treated to more than books and professors during the first week of classes.

Food, bands, games and contests are scheduled during "Welcome Week," Sept. 23 to 28.

SIUE President Earl Larsonson and Student Body President James McCurley will open the festivities at 11:30 a.m. Monday, Sept. 23, in the Goshen Lounge. A reception will follow. Information booths will also be open throughout the day.

Other events scheduled throughout the week include food specials, contests, receptions and

performances by the SIUE jazz Combo and the bands Geneva and Careless Talk.

The ground-breaking ceremony for the new Child Care Center and Tower Lake swimming pool will be at 2 p.m. Friday, Sept. 27, at the Tower Lake recreation peninsula. At 7:30 p.m. that day, the soccer Cougars will play the University of Evansville at Cougar Field.

A barbecue is scheduled Saturday, Sept. 28, for Week End University students.

For more information, interested persons may contact the Student Activities Office at 1-692-2686.

## Mime performs at BAC Sept. 24

O.J. Anderson, the Good Time Mime, will perform at the Belleville Area College at 11:15 a.m. Tuesday, Sept. 24.

Anderson will perform in the college's first floor lobby at the

Belleville Campus, 2500 Carlyle Road, Belleville.

Anderson's audience will watch him perform as an assortment of rock guitarists, torch singers, insecure he-men, gun-chewers, dogs and other living things.

He works with all kinds of unusual props and effects. He uses puppetry and audience participation. He relies on his own vocalization for sound effects and also sings.

Anderson is a native of Michigan, where he studied theater, dance and puppetry at the University of Detroit. He did stage, television and radio work. He formed Manchester's Black Sheep Repertory Theatre in 1978.

In addition to his mime show, he works with the Michigan and Cleveland Opera Companies. He also directs and performs in the touring companies of "An Evening With Cole Porter" and "By George," a show featuring the music of George Gershwin. For information, interested persons may call BAC-25700, ext. 205.

## Volunteers sought for youth group

Volunteers are being solicited to help organize a township committee for youth.

Any person interested in serving on the committee or in helping to organize youth events is being asked to call Mayor Von Dee Cruse's office at 452-4214 or Alderman Woody Moat at 451-1387.

## On campus briefs SIU at Edwardsville

**STUDENTS ENROLLING** for classes at Southern Illinois University this fall may pick up their textbooks. The extended hour schedule for book issues by Textbook Service for on-campus classes is: Sept. 20, from 8 a.m. until 4:30 p.m.; Sept. 21, from 8 a.m. until 5 p.m.; Sept. 22, from noon until 5 p.m.; Sept. 23 to 26, from 8 a.m. until 8:30 p.m.; Sept. 27, from 8 a.m. until 4:30 p.m.; Sept. 28, from 8 a.m. until 1 p.m.; Sept. 29, from noon until 3 p.m.; and Sept. 30 to Oct. 1, from 8 a.m. until 8:30 p.m.

After Oct. 1, Textbook Service will return to regularly scheduled hours, Mondays through Fridays, from 8 a.m. until 4:30 p.m. Textbook Service is located on the Edwardsville campus in the basement of Lovejoy Library in Room 005. Regularly scheduled classes begin Monday, Sept. 23.

**THE OFFICE OF ACADEMIC SERVICES** at Southern Illinois University at Edwardsville, will hold workshops for high school students and adults preparing to take ACT/SAT tests. The tests will be given Sept. 21 and Oct. 5, in Room 005 of Peck Classroom Building, from 9:30 a.m. until 4:30 p.m. each day. The review workshops will include techniques on test-taking, anxiety reduction, specific information concerning the two tests, time management and practice in taking timed tests.

Registration is \$20 and includes class materials and a study guide.

For more information, interested persons may call 1-692-3717.

**DAWN E. BIENIECKI** of Granite City, has been admitted into the Dean's College at Southern Illinois University at Edwardsville, an undergraduate honors program. To be eligible for the Dean's College program, students must have a 4.5 grade point average and they must be recommended by five of their classroom teachers.

**THE METRO-EAST INSTITUTE** of Lifetime Learning will sponsor a workshop on memory retention, beginning Sept. 24, and extending through Oct. 11. Classes will meet on Tuesdays from 10 to 11 a.m. at the Maryville Senior Center. For more information, interested persons may call 1-692-3210.

**THE CENTER FOR MANAGEMENT STUDIES** at Southern Illinois University at Edwardsville will offer a workshop Sept. 26 and 27, for persons wishing to learn about writing computer user documentation. The two-day workshop is scheduled at the Henry VIII Inn & Lodge, located at 4609 Lindbergh Blvd., from 9 a.m. until 4:30 p.m. each day.

Topics covered during the workshop will include analyzing user audiences, defining the scope of information to be included in the documentation and developing a standards manual. For more information, interested persons may call 1-692-2686.

**THREE GRANITE CITY RESIDENTS** have been admitted into the Southern Illinois University at Edwardsville School of Dental Medicine this fall. Students are Richard D. Brown, David A. Djak and Athanas J. Longos.

## Belleville Area College

**BELLEVILLE AREA COLLEGE** has applications available for students who want to apply for the William H. Mentzer scholarship. The Mentzer scholarship is a memorial scholarship established by the Mentzer family. Scholarship applicants must be full-time students at BAC.

The award is \$500 for the academic year. The deadline for submitting applications is Friday, Sept. 20. Applications are available at BAC's Financial Aid and Placement Office, Room 3285, Belleville Campus, 2500 Carlyle Road. For more information, students may call 1-252-2700, ext. 342.

## Other area colleges

**DEBORAH E. BRANDT**, daughter of Mr. and Mrs. Paul Brandt of Granite City, is attending Westminster College, Fulton, Mo., this fall. Brandt is a graduate of Granite City High School.

**TWO GRANITE CITY RESIDENTS** graduated from Southern Illinois University at Carbondale during the summer commencement exercises. Local graduates were Esther J. Kelley of 2138 Dewey Ave., who received a bachelor of science degree and Robert Lee Quick of 2593 Stratford Lane, who received an associate of applied science degree. Quick graduated with honors.

Therefore, Madison County, Illinois, will submit for certification to the Department of Housing and Urban Development on September 30, 1985, for a grant of funds under Title I.

A copy of the Environmental Review Record prepared for the projects may be examined and duplicated at the Community Development Office, 130 Hillside Avenue, Edwardsville, Illinois, between 9:00 A.M. and 5:00 P.M., Monday through Friday.

Madison County will undertake the projects described above with Block grant funds from the U.S. Department of Housing and Urban Development (HUD), under Title I of the Housing and Community Development Act of 1974, as amended. Madison County is certifying the HUD that Madison County and Nelson Hagnauer, in his official capacity as Chairman, County Board, consents to accept the jurisdiction of the Federal Courts for all actions brought to enforce responsibilities in relation to environmental review, decision-making, and action; and that these responsibilities have been satisfied. The legal effect

### Legal Notices

of the certification is that upon its approval Madison County may use the Block Grant funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

For further environmental review of the above project is proposed to be conducted by Madison County will be accepting the certification of the project for release of funds is made. Comments may be submitted to the Community Development Office, 130 Hillside Avenue, Edwardsville, Illinois, on or before September 24, 1985, at the hour of 11:00 o'clock A.M., at the Courtroom No. 15, Edwardsville, Illinois, for cash, the following described real estate, to-wit:

Lot 12 in Block 24 in McCasland and Youre's Fourth Subdivision of the Wulfmeyer Tract in Granite City, according to the plat thereof recorded in Plat Book 6 Page 33, in Madison County, Illinois.

Said sale to commence at 11:00 o'clock A.M., on the 30th day of September, 1985. Terms: CASH. At said sale I will give to the purchaser or purchasers, describing the land and premises, awarded and the sum paid therefor, and at the expiration of six (6) months from September 30, 1985, the holder of the bid will be entitled to a deed for said premises, unless redeemed according to law.

Dated at Edwardsville, Illinois, the 29th day of August, 1985.
